PTL! Finishing up the first quarter of 1962 finds the show exploding throughout the Spanish speaking world, as the enclosed stats clearly indicate! It's a **TEAM** come true as the listener and club response begins to pour in and we rapidly approach the 200 mark in stations airing the show! It's truly a Latin American musical explosion! **TL!**

One major event this month was in the form of some direct counsel and encouragement from our King both via a phone message and through personal comments on our last monthly report. It has so turned us on to receive this special blessing and support. It's certainly your faith, patience and love, Dad, that has made this whole ministry a living reality! **WLT!**

The counsel regarding the sending of registered mail to the stations has caused a real revolution in our method of operation in this area. As detailed in a separate 6 page report. In short, we're certain these new measures will help eliminate the problem-- that have been encountered with stations failing to receive their tapes on time (or at all in some cases) and make our radio dept. a more efficient operation. Over 20 stations confirmed this month alone, many in direct response to the newly proposed SL-78 form letter (2 month waiting) which appears to be working very well. In addition almost all the stations who had been reported as not having received their tapes have since received them, an obvious answer to desperate prayer. **PTL!**

The mass mailings to stations has really taken off and has been paying off beyond our most optimistic expectations! For example, out of 109 of these sent to stations in one country 27 have responded already requesting sample tapes with more coming in every day! We've even had a couple of these who were so turned on by the brochure, etc. that they wrote us back giving proposed programming schedules for the show asking us to skip the sample tape and to ahead and book them as definite! PTL! We've had requests for tapes from countries where we have no or few stations such as El Salvador, Bolivia, the U.S., Paraguay, etc. We plan to send another 600 minimum during May, D.V. and continue through July until we have exhausted our list of targeted stations.

The new method of sending registered mailings to stations, along with our rapidly increasing volume of mail, has impacted our budget and portends to continue to do so in the coming months. Our necessity to step up quality tape duplications to meet the need of sending more programming per mailing as well as meet the stations demands for quality (details included in report about P.M. revolution in L.A.), as along with the need to continue producing various publications to supply the demand of an increased mail ministry, has also contributed to make this an increasingly expensive ministry. Having W's capable efforts in providing counsel, encouragement and mediation have been a tremendous help in easing our "growing pains" as have the folks recent generous offer of some financial relief to help make up the lack. We want to sincerely thank you for your loving, sweet attention of which we are so unworthy. My Family, my Family! -- **Sandra, Helen, Family!**

The MCV publications revolution has continued rolling along and club mag #3 should be off the press at any moment (hopefully 10 days to send with this report). We are also planning to print a new cover for some "Real Love" booklets from Spain in order to be able to use them for club mailings; it along with a very low cost "What the Listener's Say" brochure to send out to our stations to help consolidate our relationship with them and also as a tool for our bookers. In addition we are putting the finishing touches on a special 2-color "Kid's Power" C.P. oriented newsletter and a special "Rayton de Amor" artist photo to help answer the many people who are writing in to specifically request more info. on the children's group. Mag #4/basic contact mag #1 is being laid out and will be ready to go to print on schedule by the first of June **PTL! & OH! Keep on Rolling!**

A LETTER FROM PRISON!

From an inmate in an Australian prison!

Dear Family,

HII I WISH YOU ALL OUR LORD'S LOVE & HAPPINESS! It is nothing less than grace that our Lord sends us beautiful people like you & your children!

"NO", we DON'T HAVE MUCH CONTACT WITH PEOPLE WHO LOVE JESUS. And "yes", there are quite a few guys in here who would like to know more about Jesus. After your show, it was amazing how many guys were overwhelmed by the love they could feel. It is amazing to me that for so many years I was looking for love, peace & happiness, & because of that desire I am here. Yet, all the time it was right in my heart.

I AM NOT BITTER ABOUT BEING HERE. The Lord tried in so many ways to show me where it was, but I was so blind that He had to put me in here, away from all those "external" things. I have served most of my time in prison. While I have been here, I met these beautiful people who used to come in every Sunday & share their experiences with Jesus with us.

AT FIRST SOME OF THE CRIMINALS WERE TOO SCARED TO GO. They were worried about what the others would say. So I would go around & talk to them by themselves, & each week we would get one or two more. It was a beautiful service for the Lord.

THERE AREN'T MANY THINGS THAT I HAVEN'T DONE, but nothing has given me such peace & happiness as this. If there is anything I can ever do for you, please let me know, as we are brothers & sisters in Christ.

WE LOVE YOU DEARLY! I hope that this is inspiring to you. We appreciate your love, prayers & help that you have been.

Love,
A Brother in Bonds.

Poetry From MCV Musician!

OUR HEART by Zach Naxean

It is they that can't feel
They just don't know the bliss
Of each wonderful revelation
Each heavenly kiss

Let us live one more day
And sit at his feet
Let us feast on the words
So powerful, so sweet

Such tenderness and knowing
That surpass expectation
Such a loving father
Such dedication!

Thank God for Jesus
Thank God for Jesus
Thank God for Dad
Thank God for you both
And the best Christmas
I've ever had.

Jesus' Birthday
We're together at last
Thank God for tomorrow
Thank God for the past

Thank God for the love that
You both have shown
Thank God for the faith
That your sample has grown

Thank God for our father
And his words so dear
That keep us together
Year after year

We is our heart
And we but were tools
Let the world laugh
Let them call us all fools

Tips For Singing Teams!

Some practical lessons from a singing trio--now recording with MWM!

From Peter Pioneer, MWM I.

Dear Family,

GIPT! Before coming to stay with MWM we used to sing as a trio in Copenhagen, singing in restaurants & private parties, and during those years we worked together we learnt a few things, practical lessons, that we thought someone out there might appreciate...so here we go...

When we first started out we just let loose with both barrels not thinking too much about the sound, but more about the inspiration. But as we started playing in "nicer" places, we had to learn to play more delicately as some of these places didn't always invite screaming vocalists and banging guitars.--So we started working more on our vocals getting a nice blend of harmonies on the right places in the song, sort of like framing the picture and "clothing her lightly". One thing that is good to bear in mind here, is that all singers do not have the strength or volume in their voices, I for example have a tremendously loud voice and used to sing only at the top of my voice; but if I sang my back up harmony like that, with poor Rachel singing the lead, people would never hear Rachel, so I had to tone it down and sing a lot gentler and adapt my voice to her singing since she was singing the lead.

One thing that a lot of people don't realize is that the volume to the guitar that reaches the ear of

the person playing is much lower than what's heard by the people sitting right in front of you and the guitar. We'd often have people complain that they could hear the guitar & little singing, and we finally got the point and toned it down. After all the words are the most important thing in our songs, and also a guitar sounds better anyway when it is gently strummed or picked than when beaten up.

Another good little tip when you're out playing together without mikes, is to make sure you all sing in the same direction or one end of the room may end up listening only to one of the harmonies and the others singing in the other direction.

One thing we learned from Jersey was about our harmonies. We had only done three part harmonies and were pretty stuck on that, singing three part harmonies in every song. But we now learned that if the two people doing the harmony do one harmony together, in unison, it can really carry and some of the songs we arranged this way became some of our hit songs. When windy & Joan sang together, they did several songs like this, both singing the lead together and it was really powerful. Of course it's the Spirit that really carries and counts, but these are just some practical helps which you may not have thought of.

Lots of Love, Peter Pioneer

Miracle Exodus & New Horizons for MWM!

The Lord provides fare & safe passage for the entire MWM operation, & a new home for the "Greatest Show on Earth!"

Dearest Family,

GBY & greetings from the land of the setting sun! "Beyond the blue horizon waits a beautiful day! Good-bye to things that bore me, joy is waiting for me! I've found a new horizon, my life has only begun! Beyond the blue horizon waits a "rising sun" (Jesus!) (DM 38) PTL! How thrilled we are to be able to write you from our new Shangri-La, which the Lord miraculously supplied so we can continue to "Sing unto the Lord with thanksgiving; sing praise upon the harp unto our God." (Ps. 147:7)

As you can imagine, our exodus was nothing but a series of miracles, from the selling of our cars, caravans and belongings to our landing in this brand-new land with all our families and equipment. The Lord and the Family had so generously supplied our needs in Greece, from giving trailers, sending equipment and provisions etc., that we felt really burdened not to be an extra financial load on W's in this time of squeeze and we claimed in prayer that we would be able to pay for our exodus. Not only did we start getting a tremendous demand for our vehicles, but we also organized a big communal forage--all of our extra clothes, tents, toys, radios & equipment, kitchen and camping wares etc. and opened our own "jumble sale" which, all put together, supplied for over the fares of all the MWM personnel to their new fields, PTL! The next miracle was our landing here with all our belongings, a complete studio worth of recorders, speakers, musical instruments, a full library of 320 reel-to-reel tapes, a video library, not to mention 540 kilos of U-matic equipment which our precious brother Johannes & his wife Monika brought from Germany to help us start producing the show for the world, (this in itself was a wonderful answer to our prayers as we had desperately prayed for a means to produce shows of sufficient quality to be accepted by the TV stations!). By a complete miracle of God we were waved through customs without one question and we got every piece of luggage and equipment through for only a \$ 100 tip to a customs agent who turned out to be a Christian & said he was doing it all for the Lord's! PTL! As you can imagine, the arrival of our team with all this luggage & children caused no small stir, but there again we had to thank the Lord for the children, who "stole the show" & blinded the eyes of the customs officials!

Silas, Silas & Endureth were waiting for us as they had gone to scout out the land to find a new home for the MWM team. GB'ess! It was a fond reunion under the coconut trees, as we could celebrate the Family anniversary all on safe ground! TTY! The Lord has opened the door of a beautiful new haven which seemed prepared for us, big & roomy & tucked away in the midst of lush green tropical vegetation, far, far away from the dangerous cold north! The class on Coconuts and the wonderful promises of the word have suddenly taken a new dimension of reality for us all - in fact, coconuts have become not only our daily

Touched By Hands From Above!

MIRACULOUSLY SPARED FROM DEATH IN AN ACCIDENT, HE GAVE HIS LIFE TO JESUS!

From Solomon Touchstones;

I WAS BORN IN ENGLAND IN SEPTEMBER OF 1952, & it was not until April 1972 that I found out really why I was born. Although since I was about 5 years old I always felt there was something special I had to do with my life, up until the age of 19 I still hadn't found it, & by this time my soul was really suffering in darkness.

I REMEMBER FEELING SO LOST & HOPELESS & so terribly depressed that I was even contemplating suicide, but I didn't have the courage. But I also remember that even in my darkest moments there did seem to be a tiny ray of light at the end of the dark tunnel thru which I was going, & this helped keep me going & hoping.

WHEN I TALK ABOUT THESE FEELINGS of my past I use the term "I remember" because it is just a memory compared to the beautiful life I now live & experience. The total & complete change in my soul from Hell to Heaven came when I was 19 & just about at the end of my rope.

I'M GOING TO GO BACK NOW TO 2 WEEKS BEFORE THE ACTUAL DAY of my "CHANGE". It was a very despairing time for me, & one evening I had driven to a bar in search of relief, comfort, love or just anything to help me forget my sad state. So because of my despair I tried to drink myself to happiness but wound up totally drunk & then had to drive back home again.

ON THE WAY BACK HOME my despair hit me again, & I thought to myself, "Hell, this is as good a time as any to end it all," as I put my foot full on the gas in a kind of reckless abandon.

Solomon during filming of the video "The HMS MMM".

I THINK I WAS ONLY TWO WEEKS AFTER THIS THAT I MET A COUPLE from the family of love who told me about Jesus. First of all I thought it was something to do with church, until I realized that it was something that they were living, that they had found it a way of life & they didn't even go to church.

DURING OUR CONVERSATION I ALSO NOTICED THE GREAT LOVE that they were exuding & it felt good. They also asked me a question which I had never heard before & which totally stopped me in my tracks. They said, "Would you like to ask Jesus into your heart?"

WHEN THEY ASKED THIS IT SEEMED LIKE THE WHOLE WORLD STOPPED for half an hour in the space of one second, & as I thought about it I felt a little help from someone or something not of this world helping me to say "yes!!" So I closed my eyes & prayed with them, & I asked Jesus into my heart!

JUST AFTER MY PRAYER, I experienced 3 distinct things. First, I felt as if a heavy weight was just lifted off my shoulders, & secondly I had a vision & thirdly I felt joy like I'd never known before. In the vision I saw my heart out about 2 feet in front of me & inside it I saw an explosion of light.

NOW 9 YEARS LATER, my faith is not built on those experiences but in His Word where He says that if you ask Him He will come in & never leave. Anyway, I opened my eyes again & they handed me their Bible open to a verse, & they said, "Read this!" It was Matthew 4:19, "And He said unto them, follow Me & I will make you fishers of men." When I'd read it they said, "Well are you coming?"

WELL, NOTHING COULD HAVE BEEN MORE CLEAR IN MY HEART at that moment that that was what I was supposed to do. I felt such joy--I knew by instinct that this was what I had been looking & waiting for all my life.

SO I OBEYED THAT VERSE & GOD'S CALL, & here I am, happier than ever in my new life serving & following God: & Jesus thru His prophet David. Hallelujah! What joy! I pray you find it too; you will if you find Jesus! Just ask Him in. Rev. 3:20. (MNM/PJ/GBY)

THE FOLLOWING DAY I WENT into a couple from the family who witnessed very strongly to me about forsaking all & dropping out. I was very convinced that they were right, but very, very set in my ways that I didn't want to do it.

limited by many or by few",- and it sure takes an impossible situation for Him to do a miracle!

OF COURSE, we have a lot to learn in this new world, encountering all these new foods, new habits, new customs, new religions, etc. Though there are so many sweet & good people, there are also many powerful dark spirits all around. In fact, we had on our very property a Buddhist temple full of idols that people would come & worship. We really felt that we just had to get rid of these dark powers & that we could not really share our territory with the devil & all these demons getting stirred up by these poor people's prayers & praises. However, we knew that it would take a real miracle to remove this temple & for the locals to accept that we destroy it to rebuild on further away! So again we all prayed desperately & went to offer the locals that we build their new temple in a given place, which they miraculously accepted. However, in this part of the world things take a long time, & though we managed to demolish the former temple pretty quick, the idols could not be removed till their new home was finished!! In the meantime several people got sick, & we had an epidemic of flu, as well as an invasion of flies! We really felt that these dark spirits were upset for all of God's Spirit & Light moving in & we had to claim His power to deliver us, & all of a sudden all these local people started to work furiously night & day on their new temple, which was completed in only six days! PTL! Indeed, He that is in you is greater than He that is in the world!

More than ever in this part of the world we realize that we just need to be completely immersed in the Word & totally united as one body & praying without ceasing so that we can overpower the "rulers of the darkness of this world" - but what a thrilling exciting new life & challenge in a wonderful new land! We are praying for all of you who like us just moved to these beautiful southern climes. Please pray that the Lord will continue to keep us & help us to fulfill Dad's vision for the Video Ministry for the world, as well as more dramas for the young (& old!)

We love you & want to thank you one more time for your encouragement, prayers & support, which we could not do without!

GB the musicians who have worked long hours & miraculously learnt & recorded those 70 choruses in only 3 days!!! - As we needed to send a rough copy of the GP Children's Song Tape, we realized that we only had 10 songs written for it. So we got together for a word of desperate prayer to be able to finish our projects by the deadline & we claimed that if the Lord could give us songs in a few weeks, why couldn't He give them in a few hours just the same, so we all stopped after lunch, children & adults, & the Lord gave us together no less than 12 new songs in 2 hours, some through our song writers but also several through the children & new writers such as John Cloud & Lydia Lighten, PTL! From Drugs To Drop-Out For Jesus!

AFTER MEETING THE FAMILY IN JAIL, HE DECIDED TO GIVE HIS LIFE TO JESUS!

I WAS BORN ON SEPTEMBER 5, 1950 in El Paso, Texas, the 2nd of 5 children. My father is American & my mother is German, & they met & married after the Second World War in Germany. My father spent a good deal of his life in the military, & consequently we ended up living in different parts of the world--Japan for 3 years when I was young, later Germany for 3 years, & then in different parts of the US.

MY MOTHER'S FATHER HAD ALSO BEEN IN THE MILITARY IN GERMANY. However we never met, as he disappeared during the 2nd World War while serving with the Nazi German army as a colonel in the SS division.

AS A YOUNG BOY, WE WERE NOT PARTICULARLY RELIGIOUS. However we did go to church every Sunday. My mother was a Roman Catholic before converting to being a Methodist when she married my father, & the churches we went to most of our lives were Methodist churches.

WHEN I WAS 15, MY FATHER RETIRED FROM THE MILITARY, & we moved to Florida where my grandparents were living. I finished high school there, & at that time my family moved to Texas. I had decided to continue living in Florida & to go to college at the University of Florida. That caused a pretty big split with my parents, as they had been leaning toward my entering the military.

I HAD MADE GOOD GRADES IN SCHOOL MOST OF MY LIFE, & my initial entry into college was a really good challenge scholastically, & I did very well. Later that year I joined a local fraternity, which is how I

Silas with wife Endureth & children Renée & Danielle.

was introduced to drugs later that year. I eventually moved from the dormitory, where most freshmen lived, into the fraternity house, which gives you a lot more freedom concerning girls & drugs & so on.

I HAD MY FIRST EXPERIENCE SMOKING MARIJUANA THAT YEAR which later led into quite a bit of drug use the following years in college. Though I had dated quite a bit in high school, I had never had what I would call a girlfriend or a great love, but later that year I met a girl & we became very close & we were together very most of the time that I was in college, which was about 5 years. The Lord later used this deep love that I had for this girl to really help me get closer to Him, thru a real breaking in my life.

PROBABLY THE BIGGEST IMPRESSION I HAD ABOUT COLLEGE upon first entering was the incredible amount of unbelief in God that was contained in the actual mandatory courses during the first years of college.

AS I BEGAN SEARCHING RATHER AIMLESSLY FOR WHAT

LIFE IN FULL-TIME SERVICE! DIRECTION BY LIFE SHOULD TAKE, I became more involved with drugs & rock music, which of course had a big effect on my schooling & education, which began to suffer from it. We began doing drugs on the weekends & later 2 or 3 times a week. Then, by the time I was there for 3 years or so, we were doing drugs every night, going to rock concerts, & I finally began to deal in drugs & had a very lucrative business going, selling mild psychedelic drugs in very large quantities.

AND OF COURSE I BECAME MORE & MORE ENTANGLED TAKING NOT ONLY HALLUCINOGENIC DRUGS but speed & heavy drugs as well. Through the drug business we were dealing with a lot of money, so we decided to finance a rock concert. With the help of a real estate man, along with a couple of friends, we lined up a national rock group & organized an open air concert for about 15,000 young people. Although many people showed up, we ended up losing a large sum of money & were in debt for over \$5,000.

ON THE NIGHT OF THE CONCERT I actually overdosed on drugs, which put me out for almost two full days, & it was a complete miracle that I didn't die. By that near-death experience & waking up to the fact that we were overwhelmingly in debt, I had pretty much come to the end of my rope.

BY A REAL MIRACLE, the girl with whom I was living had a visit from a friend of hers. The night he came over I had taken some medicine & he began witnessing to me quite a bit & shared with me a little tract that Campus Crusade for Christ put out

called "The Four Steps to Sleep" which I actually read over it with me, but not until I had tried to convince him that the record that was on the stereo was the answer to everything.

HE WENT OVER THE "SIMPLE SALVATION" TRACT WITH ME, & I was amazed at the simplicity of it all. And the three of us sat there on the floor of my little house & prayed, & the girl & I asked Jesus to come into our hearts.

HE WAS ATTENDING THE UNIVERSITY OF TEXAS at that time & had to leave the next day, & we were more or less left there on our own, not really knowing what to do. Although we made a feeble attempt to read the Bible, it wasn't long before we fell back into our old drug habits. For the next 9 months things went from bad to worse. I became more involved in big-time dealing, which was a real trap. I became less & less interested in school, though I remained enrolled in the university to keep myself out of the draft.

ABOUT 9 MONTHS LATER, I SUDDENLY HAD A TOTAL REALIZATION of where my life was really at, & it was almost like the Lord just suddenly opened my eyes & I saw the complete mess that I was in, how false my friends were, how messed up I was with drugs & how I was messing everybody else up with my life. This sudden awakening & realization caused me to do some very radical things at the time, & I became a changed person, searching desperately for an answer.

I WOULD GO FOR LONG WALKS OR DRIVES ALONE & had some very deep spiritual experiences. It was on one such walk or trip that I had an actual vision of a man on a white horse, which was followed by a vision of the stars in the sky falling. All of them were fleeing, & it

was I actually in the presence of spirits on many occasions. **NOT LONG AFTER THIS,** the Lord really began to deal with me, & one day on a trip to the country I was visiting in desperation looking for the truth. The local preacher thought I was weird & called the police & had me jailed. They searched the car that I was driving and found some drugs, & so they detained me even further.

THEY TREATED ME RUDELY, & when I unwisely acted rebellious they decided to lock me in solitary confinement for about 10 days, after which some of my friends got me out. The Lord really used it as a shock treatment to wake me up to where I was at. When I was released on bail, I was told that I would be given a court date & be tried for the possession of the drugs in the car.

SOON AFTER THIS I RETURNED TO GAINESVILLE & DROPPED OUT OF COLLEGE & began a real attempt to read my Bible. It was also a very heart-breaking time for me, as the girl I was living with decided to leave me. It moved me to tears, almost day & night, for quite some time. It drove me to the Lord & brought me much closer to Him & helped me to have such a close relationship to Him thru it that I hadn't even thought possible, & thru the Bible the Lord really began to comfort my heart almost daily with the healing power of His Word.

JUST TWO DAYS BEFORE I WAS TO GO TO COURT, I ran into a couple from the family who witnessed very strongly to me about forsaking all & dropping out. I was very convinced that they were right, but very, very set in my ways that I didn't want to do it.
