By Maria. Art by Zeb.

One morning as Peter and I were getting up, I saw a flash of light out of the corner of my eye.

When I'd turn my head, I would see it flash again!

I couldn't wait any longer. I had to ask the Lord about this little flash.

(Jesus:) Sometimes I show you little signs of your spirit helpers to encourage you that they're with you.

You have both
big and small
angels helping
you.

Many are
the helpers
of Maria!

They love you and
they delight to
help their queen!

This
little flash
of light is just
a little peek at
the angel who is
there helping you
in the little things.

She helped you so that you didn't knock anything over and hurt yourself. You felt her brush against your arm as she touched you. You saw a tiny flash of her in that little speck of light. She's still there with you.

Like a tiny fairy, she zips around your room. She helps to keep you safe from accidents and hurts. She's My blessing to you and a gift of My love. She wants to make things easy for you to do your work, so I have sent her to help.

(End of message from Jesus.)

(Mama:~) I can still see my little angel sometimes when I turn my head. At night if it is dark, she shows up very brightly. Isn't the Lord sweet?

Grandpa once said about my spirit helpers: Honey, there are so many spirit helpers and angels in and around your room that sometimes it gets a little crowded!

(Grandpa:)
Your guardian angels love to be there with you. Sometimes they want to give you a peek at them.

Hi! I love you! Everything is okay!

They're on the job all the time, day or night. They come quickly to help. In your sleep they give you good thoughts and ideas.

I have a good idea for you, Maria ...

Your guardian angels give you things in the spirit. They help you to understand the ways of the Spirit. They pass on the Words of the Lord.

Many are the helpers of Maria, many good helpers from Heaven!

(End of message from Grandpa.)
