FAMILY NEWS -YOU & ME!

Our Children: Our New Ministry!

Singing together and winning souls for Jesus!

From Job & Charran: N. Europe

WE WANTED TO SHARE WITH EVERYONE the victories the Lord has wrought. We hope it will inspire other large families, as we have been by testimonies from Seek & Securus & others.

A FEW MONTHS AGO, CHARRAN & I WERE GOING THRU some of our worst trials since joining the Family. I personally felt so unhappy & unfulfilled. There seemed to be so many pressures—the children's schooling, legal situation, finances etc. I wanted to get a job, but having joined the Family at such a young age I had no qualifications, hal! What the Lord was doing was trying to get us both, especially me, to accept our real job for the Lord: Our children!

WHEN FAITHY & JUAN VISITED, they spent lots of time with us & were so encouraging. Gradually we began spending more time with the children—we have 5 girls ages 2 to 9 years!

THE LORD SHOWED US TO START A SINGING MINISTRY with the children as a way to witness. At first I kept trying to find someone else to do it instead of me. Finally I realised that if anything was ever going to happen with the children, I was going to have to play & sing with them myself.

ONCE WE FINALLY BEGAN

Bringing joy to old folks home!—Daddy Job on guitar, with his 5 daughters—Charly-9, Christa-7, Dina-4, Lara-3 & Angie-2!

TO STEP OUT & OBEY, the Lord really started rewarding us in every way. The girls responded very well when Charran & I started practising with them. Then one day they said, "We don't want to practise anymore! We want to go singing for some people!"

WITHIN 2 WEEKS WE HAD AN APPOINTMENT TO SING at an old folks' home. When we went the children did fantastic & the Lord also gave me the faith to play guitar & sing with them. I had never done anything like this in the Family before! There were only 21 people there, but all held hands & prayed with us to receive the Lord! Hallelujah!

SO FAR WE'VE SUNG AT A TOTAL OF 5 OLD FOLKS HOMES & LED 120 SOULS TO THE LORD! We also sang on a walking street for a crowd of 2-300 people which was a thrilling experience for the chil-

BWARE OF BACKSLIDERS: ROSER! (We regret to have to expose a backslider in order to expose her evil influence.—Dad.—10 February 1980.)

The following reports, confirmed by many, are a warning to our entire Family of the dangers of "doubting, disobeying, denying & betraying"! My husband & I personally helped nurture (Spanish) Roser into the Family about seven years ago, under extremely dangerous conditions & even risk to our lives, with furious threatnings of imprisonment & even murder from her very wealthy, influential parents, & we were even forced to flee because of their severe persecution. Roser, however, was convinced of her own will & conviction to join the Family & serve God with us & although having to continually escape from her diabolical parents, was a good sample & witness to many for several years. Two or three years ago, however, as her parents changed their tactics & became less violent & antagonistic toward her personally (although their attitude toward the Family was as bitter as ever), she against counsel began to have communication with them & even return for visits to her home. Each time, though, she would try to witness to them, they would continually spout their lies & bombard her with vicious accusations against the Family, trying to lure her back to her old life. She is now with them & working & speaking actively against us, the Lord & the Family. We do love her, & are heartbroken over her, but we must warn you all now of her very evil deeds, as she is obviously working with some of our very most antagonistic enemies. Eph.6:10,11.—Love, Sara D.

FROM HOSANNA--9 FEBRUARY 1980: GBY! ILY! I just got a letter written by Roser pouring out her grievances & doubts. I also heard that Faith & Juan were sent a copy as well as Stephen & Michel, Chron & Patience, Simon Peter & perhaps others. Perhaps you already know of this letter. I was just calling to be sure. If not, I'll be sending a copy immediately.

(JUST RECEIVED & READ HER LETTER....) When a person goes back, they always try to take others with them. The Devil always tries to get into those who were closest to the source, as their backsliding & doubts have the greatest influence over others. "But whoso shall offend one of these little ones which believe in Me, it were better for him that a millstone were hanged about his neck, & that he were drowned in the depth of the sea. Woe unto the world because of offences! For it must needs be that offences come; but woe to that man by whom the offence cometh!" Mt.18:6,7. "Ye did run well; who did hinder you that ye should not obey the truth?" Gal.5:7. "And Jesus said unto him, No man, having put his hand to the plow, & looking back, is fit for the kingdom of God." Luke 9:62.—Maria.

REPORT FROM EMMANUEL & HANNAH--8 DECEMBER 1979 (almost three months ago): ...Roser arrived in Geneva on a Tuesday, the 13th of November, by plane from Greece, but the next morning told David, the brother in whose Home she was staying that she wanted to go back to Spain. She said that she didn't know anybody at the other Home, so she didn't want to stumble anybody else as they all seemed to look up to her but nobody knew where she was really at in her heart. David said that she was speaking quite a few doubts about Ffing how her fish didn't ever seem to pan out & she was questioning if it was even that necessary to go all the way with them, etc.

Yanina, who had worked closely with Roser in Tenerife & also in Portugal, saw her in Geneva, too & said pretty much the same as David—that Roser had said she was having a similar "crisis" as once in Tenerife, with not wanting to FF or litness & that in Faith & Juan's apartment in Greece she'd heard a lot of personal problems that had got her down. Yanina said that at first Roser litnessed with her, but then after she'd talked about it all, she just sat in a cafe & watched Yanina litness, since her problems were all out in the open & she didn't have to pretend anymore.

We're so sorry about Roser & that we have to send such a sad report when there are so many, many more FFing successes. We really pray that she gets back on the right channel soon. --Love always, Emmanuel & Hannah.

FROM SALATHIEL SCRIBE--Faithful WS member who, with her husband, Justus, has lived with Dad & Maria in their Home--25 January 1980: Roser arrived here in Tenerife & moved into a catacomber named Pepe's apartment & then proceeded to begin singling out various Family members who she knew to be the weaker sheep, & speaking against Faithy, Juan & Dad. She's spouting the same

old lies as all the rest of 'em (backsliders), now Dad used to be God's Prophet, but got tripped off on sex & drinking so is now a false prophet. And she's also spreading lots of stuff about Faithy & Juan & how they also are tripped off into drinking & sex & telling people stories about how bad they were in Greece etc.

I won't go into it all, but suffice it to say that it was just a bunch of the Devil's propaganda & a few people were falling for it. Carolina, for example, who used to be Roser's best friend here listened to it all & then started having many doubts in her own mind & thinking about leaving the Family even! But thank the Lord, Celia & Jose refuted all the lies, & also Justus & I talked to her yesterday when she asked to come talk to us, & she really saw the truth & sees where Roser's at & how ridiculous & sick what she's doing really is, so TYU!

The shocking thing about all of this is that Sally is condoning Roser's behaviour & saying, well, if that's what she believes, that's perfectly all right, & she's entitled to her opinion. Sally doesn't seem to think that Roser is doing anything bad at all! It's really amazing! Seems like Sally is drifting further & further away, even coming out & saying she doesn't agree with some of the Letters anymore, such as "You Are What You Read" & others. Lord help her! We went to the Island Meeting the other day & Celia & Jose brought up the subject of Roser to warn everyone about her & what she was there for, her purposes & intents, & there was such an obvious division in the various people there about it—Sally was just fuming at Justus' comments about Roser & promptly left the meeting when Ricardo arrived.

But I think the majority of the kids here, particularly the full-timers, are really in tune & doing a terrific job getting out the message. Some of the others such as Pedro & Gracia seem to be following more along with Sally. All the new people here are really sweet & precious people. Antipas & Hagar recently wrote Gabriel asking about the possibilities of coming here as Spain is their first love, & everyone really wants them to come.

Jose & Celia think that things are coming to a head & about to explode with Sally & that after we leave it's going to happen. They pretty much feel that she's going to become an enemy. Right now she's very interested in purchasing a refuge farm out in the country... Other news... Bernardo, Lynn, Juanjo, Conchita, Juan & Amour all moved out of Casa Trebol the other day & in to a beautiful (cheap) spacious apartment, which they all seem to be quite happy about.

Well, that's how things stand on the Island at the moment. This thing with Roser has caused a really big uproar, & she's still going around trying to convince people to "see the light"! It would be interesting to hear from Faithy why Roser is so against them, probably they really exposed her & she didn't like it! Hope this wasn't too depressing & that it was worth telling you about, as it's a pretty big deal here.

Oh, forgot to say how after the Family meeting, Sally had a meeting with her catacombers & told them how the Family was talking against Roser & the catacombers all are saying, "Oh, how can you be Christians & the Family of Love & speak bad about Roser who still loves the Lord blah blah blah". Sally's catacombers seem to be pretty much of a fruitless social club!

Maybe Gabriel, now that he's back from visiting his parents for Christmas, can endeavor to help them back on the right track. Gabriel & Jerusalem & their Home near Santa Cruz are doing very well, litnessing lots & of course, Gabriel's outreach in that Catholic girls' school is tremendous, so PTL!!!

We love you so much, Dad & Maria, & it just makes us so sad to hear these things! The majority of the people here know it's all a bunch of lies & love you just as much as ever! We'll write more later. Love & kisses, Salathiel.

FROM JOSE & CELIA & STAFF IN TENERIFE, Spanish Nationals who lived with Dad & Maria in their Home in Spain--28 January 1980: Roser has just been visiting here in Tenerife. She went first to all the weak people that were prone to doubt, Conchita & Carolina & Sally & Ricardo. She couldn't influence Conchita, but when she talked to Carolina she heard all what she said & believed at the beginning, because she had this close relationship with Roser & she loved her a lot so she couldn't expect Roser to lie to her.

Then Carolina went to counsel with Sally & Sally said that she was in agreement with what Roser had said & that she couldn't see anything wrong with the attitude of Roser because Sally herself was not in agreement with all the Letters. Sally didn't like Ffing, & didn't believe that it was fruitful.

So poor Carolina was more confused; she had the battle for three days but at last she opened her heart to us & said that from all Roser told her, she could see how wrong she was in believing her. Since then Carolina took a very positive & active position & started refuting the lies that Roser told everybody. She is more strong now & this should teach her the lesson of not to waver, neither listen to the Devil.

Well, Ricardo & Sally said that they did believe that you are the Prophet of God, but they believe that all your words are not from God, that not all the Letters are inspired by God. For example they don't believe in the Letter "You Are What You Read" & they don't think that Ffing is fruitful & they don't believe that litnessing is fruitful etc., & all these stupid things.

They shared their opinions in the Church of Love saying this in front of everybody. After this they ask the question if we could have fellowship even though they don't believe in the Letters, so I stood up & told them that it was completely impossible & that they were not a part of the Family because the Family believes all the Letters, every word 100% sure, & TF
