PTL, they gave us a beautiful & very comfortable room & promptly begged us to come that night to their little church meeting to sing for everyone. The next day we met a very sheepy guy who offered us his home to caretake for the next month!

WE SOON LEARNED THAT
THE PIONEER FIELD IS THE
MOST EXHILIRATING PLACE
IN THE WORLD like being on top of the mountain, very rugged, a little lonely at times, but the view is absolutely thrilling & breathtaking, & the best part of it is that you feel free & fulfilled. My kids really flourished & very quickly learned Spanish. We also found that the field was an excellent proving ground for our relationship & really put us together as a pioneer family.

SOON WE REALISED THAT MY VISA WAS UP & that I'd have to leave the country. So again by faith we provisioned bus tickets & off we went, this stime to another country without a cent in our pockets. Well, again to our thankful surprise the Lord provided free housing the first day.

to our thankful surprise the Lord provided free housing the first day.

WE MET A HANDSOME YOUNG BUSINESSMAN from a prominent local family whom shortly afterward Dulce led to the Lord & began providing him with love as well as the sex he so desperately needed. He was completely amazed at our closeness & how natural Dulce was with the children & yet that we were able to give to him so freely. He in turn helped us with many of our needs as we all began to grow close like a family. The children showered him with love while Dulce spent many of her nights with him.

DURING THOSE DAYS OUR LIVES COULD HAVE VERY EASILY BEEN CONFUSED by this new intrusion into our midst. Some nights she spent with him in the next room as I listened on.

as sense had used to the breast & could now manage on his own.

HE HAD ALREADY BEGUN WITNESSING to everyone he came in contact with. In fact, because of his zealousness, the word spread quickly in this very small & conservative town, resulting in our being asked to leave our house. However, we discovered later that the people who had asked us to leave had eventually lost their jobs & house & were on the streets asking for a place to stay! Others who had accused us also lost their jobs as we saw the miraculous rod of God's judgements fall on this small town. Because of our decision to "shtick" for our

To really win him, the Lord altowed her to temporarily fall in love with him, providing the first that the accusations were not true as our ministry continued to serious test of our relationship. TTL for the Words of our Shepherd which we continually referred to, sometimes in desperation.

WE BOTH KNEW THAT THE LIGHT PEOPLE SAW IN US & our relationship was only a gift from God & that He had certainly planned to use it in this very difficult task of Flirty Fishing. I also knew that what God had given to me could easily be withdrawn as well as our whole testimony destroyed if I resisted or withheld. So by God's merciful grace, we kept jealousy subordinate so that this Fish really began to grow & developed an unbelievable thirst for the Word, especially the Letters.

JUST AS I HAD MADE THE HARDEST DECISION OF MY LIFE, to forsake her if the situation required it, this sweet precious Fish had made the decision to give her back to me, as he was so convicted by our sample & his love for all of us, especially the children, that we all needed to be together as a family Of course, this was after he had already grown in the Spirit & in a sense had been weaned from the breast & could now manage on his own.

HE HAD AL READY BEGUN MY TO COME TO US FOR

munal kitchen when she started cooking to talk to us & of course taste some of that good home y cookin'. Our kids were also exceptionally well behaved (well, most of the time, ahem) & I was always doing the dishes & cleaning the kitchen & bathrooms to the horror of the Latin men. GRADUALLY PEOPLE BEGAN TO COME TO US FOR COUNSEL & opened their lives to us. Several were saved & many lives were changed & affected, including one of the prostitutes. The whole experience there taught us a world of lessons about the people of this country, as we were temporarily willing to come down to their level & relate to them. It was here that my children & I learned our Spanish & it was here that I truly fell in love with Latin America. By the time we left, the spirit of the house had totally changed, with everyone sharing their food

& cleaning up after each other, & there was good communication between everyone as if it was one big Heavenly Home.

AFTER WE FELT OUR WORK WAS FINISHED in this small town, we proceeded to the capitod of this beautful country where we are now staying with some very gracious & loving Faminish will be as a result of our loving sample with each other. We are definitely convinced now the loving care of a single isister whom we live with who is now are again preparing for the road. We have a big mailing list now from our previous 6 months on

Don't Give Up, Keep Loving!

How one family's obedience to "keep loving" got them to the mission field!

From Ecanus & Nekoda; S.E. Asia:

WE'D LIKE TO SHARE A MIRACLE & A LESSON LEARN EDI For the past 1½ years or so we had tried to get to Asia to share with the humble more receptive peoples. To be honest we felt we were going to die spiritually if we didn't do it quick! We finally realised that we were trying to push the door open ourselves, & it wasn't God's will for us to go yet.

WE WERE LITNESSING & FF'ING but not being much of a help to the Home as we didn't bring in much funds at the time. I even tried to find a job, but couldn't find one no matter how hard I tried. Disappointed, discouraged & down-hearted, we sought the Lord desperately for help & deliverance. To our shock, do you know what the Lord told us to do?

"JUST KEEP LOVING & I'LL PROVIDE!" along with shall all

"JUST KEEP LOVING & FLL PROVIDE!" along with the following verses: "By this shall all men know that ye are my disciples, if ye have love one to another." "For he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen?" "Thou shalt love the resignation as thyself." (Jn. thy <u>neighbour</u> as thyself." (Jr

But he told us the Lord The Lord let a love-starved single brother named Michael fall into our laps to love up, & Nekoda made love to him. And so we continued on, just trying to follow Dad's simple loving sample for all, which is really fun & fruitful too!

"TITHING & THE FN"
brought a big response & many victories to our precious Family!
"I think I never realised that the Lord gives us so much until we started keeping track of its value for our Tithe. It also gives me more faith for needs & I feel more in the Will of God. Thank you for that Letter, Dadl", says isabel in Portugal. "It really got us out of our letharpy & self-ishness & got us on the attack, resulting in many more blessings from the Lord!"—Francis & Rosee in Canada. "You were never one for pulling your punches, Dadl TTLI It's just as plain as day. You covered the whole subject so well & clearly never one for puting your purches, Dad ITTLI It's just as plain as day. You covered the whole subject so well & clearly. We really thank the Lord for you & your simple real faith, Dad, that keeps us on the rails. We're behind your decision all the way!" say Isaac & Ruth in Indonesia. Finally, Geof in New Zealand commented: "I feel Tithing & the FN' is giving us all the vision for greater obedience & dedication, to encourage many of us to be not merely satisfied with being 10% ers or 100% ers, but 110% ers! I want to say how wonderful & inspiring it is to be in the Family & to see how we are all learning to see how we are all learning to

love each other more & more as time goes on! ILY both so much."

TESTIMONY FROM TENE-RIFE: From Bev (mentioned in the FF Letters): "Since arriving here things have been rolling! We've opened a nice new Home & we're continually meeting hungry hearts, winning new souls & ministering to preclous friends of the Family. There is so much work to dol—lt's thrilling to be on the ball again, riding the wave & seeking first the Kingdom. Since coming here I've fallen in love & now have a precious Spanish mate, Jose Maria, & the Lord is knitting our hearts together more & more in His Service. We go out singing several nights a week in restaurants & cafes & every night we meet open hungry hearts to share with. Again, thank you for your help & encouragement to get back on the wall again, back on the front-lines in the Lord's Army. The furlough did me good, but how lonely life is away from close Family fellowship! I'm really thankful for all the Lord has
