

"Some of us are returning from our failures to serve even more faithfully than before & the new 'FR' is going to do wild things, much much to bring us into unity & strength together as a fighting Family!" Mike & Danna, USA

"Thanks so much for the new 'FR' Ltr. I We started off our new day of Pentecost with lots of personal fellowship and songs. Then we decided on our LAF areas & elected our LAF Shepherds. Next we had an Action Committee mtg. Zered proposed a plan for all the local Homes to pitch in together to get a PAL Video system. David will be going to Eng. to purchase it the 1st week of July, D.V. Ray shared about his bulk food contact which will be a blessing to everyone in the area. Next we discussed a lit project of printing up a local 'Love is News' including the testimonies of some of our local witnessing & pics. While the guys were busy with the Action Committee, the girls all got together & made plans to go out FF-ing regularly once a week! After the meetings we all enjoyed a nice meal together & fellowship time. We ended by singing Psalms 133 & 121 together & praying for all the Family Fellowships around the world. We'd all like to say how much we really love the new 'FR' & feel it's just what we need to draw us all closer together in spirit as one united Family!" Love, Your Wash. D.C.-Maryland DAF

"The 'FR' was such an answer to all our desperate prayers for unity, but as you say so clearly, we needed those 3 1/2 yrs. of purging! We have tried to get together for several years, but it needed the official word from the King & Queen to be executed!" Samuel, C.A.

"Everyone we've seen & talked to is so encouraged by the new 'FR'! It seems like everyone sees a real need for the unity & sharing & feels it can be the answer to a lot of problems & solution for a lot of needs." Secundus & Seek, USA

"The 'FR' is just what we needed! We had our first LAF yesterday. We had videos, elections & lots of fun!" Ben & Miriam Fisher, Asia

"Thanks so much for that bomb of a Mag. 40! Wow! 'FR' was so right on & needed! It's sure an answer to our prayers here! This new direction & inspiration from you is exactly what we all needed! I was recently elected the ASS! Ha! I am taking my new responsibilities in a very serious light. This 3 1/2 year purge has been good for me & the Lord often performed His spiritual surgery on me & sometimes without anaesthesia! ILY both so much & pledge my loyalty to you!" Daniel, Mid-East

"I am so glad the Family is getting it

together again! The Family is the only life I've ever known & I love it!" Shuly Bolivar, C.A.

"Now that we have the 'FR' one wonders how we could have gone so long without it!" Naarah Black, Europe

"We want to say that the new wine that is coming has been a real inspiration for all of us & we feel that it is coming at just the right time, when the Family needs it the most! The 'FR' is going to bring a lot more unity & inspiration to do more for the Lord as it seems for some time, because of being selah due to security, some people have been getting into a system trap & now they have not much time to do other things & some have taken the selah situation with so much fear they aren't doing much to get out the Words & witness openly. But one thing that I personally learned from being with you in Tenerife & in a selah situation, was that we never stopped preaching Jesus. In fact, it was the heaviest time in my life of witnessing & giving the Word to the sheep & I remember you giving classes to all of us & fish & friends attended them too. A lot of work got done, people got saved & filled & disciples were won etc. We love you so much." Juan & Victoria, S.A.

#### "REFUGES"

"Refuges' really changed our lives & re-lit our fire to really burn for Him & lose our lives for His Sake! Sometimes we felt so uncomfortably comfortable in our little refuge cottage & wondered how we could have a greater outreach. Then, boom! 'Refuges' really shook us up & got us going! The time is now - not when all the conditions are right for us to obey!" Rachel & Bob, Mid-East

"We are very thankful for 'Refuges' which shook us out of ours & onto the harvest field!" Gary & Ellie, Asia

"I am so thankful for 'Refuges'! Our evil deeds were really brought into the light! Thank you for socking it to us for letting the Devil so deceive us! We were just reading stuff into the Letters to justify doing our own thing! Dad, if I'm the one that was the bellweather of the thing down there or if there is some way I was contributing to it, please forgive me! By God's grace we'll try to

do better now. It's such a blessing to be back home in Asia after spending 7 months in Australia! ILY so much & thank you so much for getting the Word out that keeps us on the right track. We're so happy to have a Father who loves us enough to spank us! Much love always!" Jeremiah Iconoclast, Asia (PTL! GBY son! KGFG!)

"We just received Mag. 39 with 'Refuges' in it. Thank you so much for the needed spanking! I want to apologise for doing my own thing & leading anyone else astray. I hope now to return to being a missionary again. Thank you for this Letter, it really shocked me into seeing how far astray I had gone & made me really look

at the rest of my life. You're so wonderful to love us enough to spank us & boy did I need it! I love you more than ever!" Maresha, Asia

"Thank you so much for 'Refuges' which arrived the night we were planning our rotating teams for our Refuge! Since receiving this wonderful Letter everybody feels so much relief, a true deliverance to be free to do the Lord's Work! It's a burden off our shoulders, there's so much to do here & a really ripe harvest field!" Johannes & Joanna German, S.E. Asia

#### "PRAYER REQUEST" (GBH-D.)

Please remember a precious faithful member of our Family in your prayers! Little Zion Shondo, 6 yr. old son of Uriah & Sheriah Shondo, USA. Zion was recently hit by a truck & dragged underneath it for 60 feet before the driver stopped. His right hand was severely damaged & being deaf, Zion's hands are his main form of communication! Miraculously though, he is left handed & does most of his signing with his left hand! PTL! He has recently received Jesus, praying sincerely in sign language! This was a wonderful victory for faithful & hard-working Mom & Dad, who have been teaching Zion about the Lord for so long, as it is difficult for the deaf to comprehend spiritual things & it took Zion several years to learn to speak (sign) even simple sentences, though he is very bright & learning rapidly! So please pray for one of David's Mighty Men who has a special calling & world to reach for Jesus!

#### "TRY THE SPIRITS"

We have become increasingly concerned about the number of letters recently received from many Family members, most of whom were formerly known to be faithful, hard-working & sensitive to the Spirit but who are now becoming surprisingly deceived & think they are such "personages" as the End-Time Witnesses, the Great Queen, Davidito, etc. & even one father who thinks his son is "the real Pope"! Sorry, but it appears you have really gotten off the track into false prophecies amongst yourselves...this often is a result of spiritual pride & the frustrated temptation to want to be a spiritual leader." (764:12) "So watch & pray that ye enter not into temptation that might lead you astray from the straight & narrow way which leads to higher crown & greater reward! Amen?" (335C:33)

Tarah Fisherman, now PG with No. 7! "I'm very thankful for every one the Lord has given me & pray I will be a faithful keeper of what the Lord has entrusted me with! Pray for me!"

## SA Controversy Ans'd By Dad!

(A comment that appeared on a Monthly Report, retyped by WIM)

WE ARE REALLY SHOCKED TO READ THE testimonies of Riphath & Cyprus-see Mag 38, pg. 35, because it appears they have a short term vision & certainly not the overall picture of the situation here. As Dad has said, "one of your biggest dangers is to overestimate your security & underestimate the dangers." (Amen!)

We are afraid upon reading their article in Mag 38, pg. 35 that some brethren, who are accustomed to openly witnessing and asking for donations are going to come screaming down here now and get the whole Family kicked out before we have ever reached the people. (Read 942)

Almost everybody in the Family loves to shine for Jesus, but fighting today's battles with yesterday's tactics is very unwise here, because although they might not have had any problems with the authorities so far, it only takes one nasty cop to result in a full scale investigation, and in fact it is a well known fact that people will disappear here and are sometimes never seen again for being socialistic or communistic or even being suspected of such!!! (In Rome, & a Roman!)

We must realize that SA is to be the refuge of not only ourselves but also of many, brethren who will come here and not act like this is 1975 & that we've only got 6 months till the end of the world and go around telling the press that we are the FOL founded by Mo and blah, blah, blah! (Crazy!)

This country is not an open one, and should not be treated as such, but is as the Letter, "The School" in many ways. Peace and safety, law and order, but all the time you had the feeling of the horrors that were going on in the name of peace and safety, law and order!

We really feel that it is advantageous for most homes at this time to have one member of the home working at a system job which gives you more stability and enabling you & others

to move easily & more legally remain in the country and enabling others to burn more free DTD, FFing, singing, which is perfectly acceptable. (Gdy!)

However we have checked with the police and to give away any kind of religious lit is perfectly acceptable and legal but to sell lit requires a permission, without which it is possible to get into more trouble here than elsewhere, and the obtaining of the permission might help the system to know too much about you. We feel that witnessing on the streets for donations is absolute madness for this particular field, at this particular time and is as I have said before, very short sighted. (Maybe so.)

One misstep could result in dire consequences! (Always true!)

Now on the other hand we can understand these guys desiring to get out the Words; we also get out a lot of Word, but we give it away in the streets, parks, trains, which is perfectly legal. (Good 4U!)

In the capital (before Faithy & Juan visited, although I can't say now) some of the brethren had been so restrictive about witnessing & witnessing etc. almost to the point of paranoia & some have been serving the system too much as well as being very condemnatory of others who didn't see eye to eye about how to handle this field. It is therefore in the view of the above easy to understand Riphath & Cyprus's desire to get away from a teaching English job in the system, which by the way does not have to be a drag if you pray for real sheep and fish as students.

They, R & C, have thrown off all the closed country signs and decided this is a completely open field & to act as if it was 1975 in Europe and not here!!! (Again read 942.)

It's much easier to do what they are doing presently than to take a job in the system, slowly but painstakingly winning the students who
