Back On The Wall!
THE'S RE-KINDLED A FIRE IN US HOTTER THAN EVE

THE S RE-KINDLED A FIRE I From Jacob & Saffron Davidson; U.S.A.: THE PAST YEAR OR SO HAS BEEN ONE OF MANY TESTS FOR US. & we want to thank Dad & Maria for their constant en-couragement thru these fiery trials.

THE KIDNAPPING OF OUR CHILDREN in February of last year by my former wife was no doubt the biggest test we faced, but how true what Dad always said, that "God gets His greatest victories out of seeming defeats," is the scripture that "All things work together for good".

when scripture that "All things work together for good".

AT THE THE WHEN MARSENA TOOK THE CHILDREN, it was almost too hard to look towards the end of the road & what the Lord was trying to do in our lives. But having now passed thru the tunnel, we can see how at that time the lush lowlands. We were not really desperate, & the thorns & thistles were subty choking out our ability to bear fruit.

BALL OF HIS WORK & settled into the rut of our own work. Our hig desire was to establish this refuge, but the Lord wanted us on the road. It seems that with evord wanted us on the road. It seems that with evord wanted our positions a liftle more, always trying to present our program to God for His signature, as well as making "logical excusses" for it. Thank the Lord, He never signed it once, & He continued to work on our hearts. Now that we are mobile & living by faith office, & He continued to work on our hearts. Now that we are mobile & living by faith of the last two years. Hal.!

EVEN THOUGH THE LOSS OF THE TWO CHILDREN WAS A TREMENDOUS BLOW, it accomplish-

ed the purpose of driving us into the presence of the Lord, from which we had so easily strayed. But, even after the children were kidnapped, we still didn't seem to get the point, 8 so for almost a year we drifted in the "Vailey of Baca" & would have died of thirst there had not the Lord reached in with His loving hand 6 pulled us out. After a year of attempting to locate the children & doing very little witnessing or littnessing, were broke & desperate, & Saffron was about to have a baby.

got saved before we left, & they were really receptive to the message.

**THRU ALL OT THIS WE STILL MADM'T REALLY COMPLETELY FOR-SAKEN THE SITUATION WITH OUR CHILDREN & put it into the Lord's hands. But then, just hefore we were ready to leave & go mobile we got Mag 34 with the sad atory of Justus but the inspiring, strengthening & faith-building example of Sally's utter loyalty to bad & the Kingdom, despite the loss of her children. Her circumstances were so similar to ours, & her ereaction to them was just the encouragement we needed to put it all on the altar once & for all, & to get back up on the wall of His work. WE LAUCHED OUT BY FAITH OM APRIL 1ST, & the Lord is opening doors left & right. The very first radio station we went to booked the MWM Show, & the next day we got an invitation to sing at a Baptist church & promote the show.

A Large Family Going For God!

Free plane trip! Blessings & burdens of visiting home! Victories of mobility!

From monthly reports to Dad & Marie, from Seek & Secundus: 7/1/81: "GOD'S DELAYS ARE NOT DENIALS!" It seems

7/1/81: "GOD'S DELAYS
ARE NOT DENIALS!" It seems
like every time we write there
has been some big new change
in plans! We just returned from
the office of an airline. They
said we all can fly to New York
for free!
YESTERDAY AFTER READING A LETTER & HAVING
DESPERATE PRAYER we listened to the Lord & thru three
of the children the Lord gave
such encouraging quotes. Then
this morning before going to the
office of the airline Sherah came
to me & said that she had had
dream that night that the airline
gave us all free tickets & it was
a real open door.
TWO DAYS AGO WE HAD
TALKED TO THE PRESIDENT'S SECRETARY & gave
her our P.R. photo album to
show him. Today when we out

TALKED TO THE PRESPOENT'S SECRETARY & gave her our P.R. photo a blum to show him. Today when we got there she was all smiles & said she had good news for us, that the President liked the pictures so much that he couldn't resist letting us all go for freef So then the children sang for the President & Vice President & Bill the available office people. She rah told them all about her dream, & it was a real testimony for the Lord. We shared with them how the Lord has always been faithful to take care of us & supply our needs.

WE CONTACTED THE BROTHER IN HOLLAND WITH THE CARAVAN & asked him to go with us or meet us in S. America & that maybe they could sell the caravan to help us get to our new field. With so many little ones it would be difficult without tranportation. We asked the Lord why He gave us the van if we never were able to use it. We got the verse,

Singing at an old folks home Shalene & Sherah sing in Sp.

Singing at an old folis homel—last Shalene & Sherah sing in Spenish!

"Without a vision the people perish" (Pr. 29:18). It was the vision that the van was coming that gave us hope in a lot of ways to keep going so the Lord could get us to this point. We plan to visit with my perent & raise more support before going South. WE DON'T LOOK FORWARD TO RETURNING TO THE STATES & pray that it will pass quickly & that the Lord will lead us promptly on to our new field. We had told our folks before that if the Lord wanted us to go to the States He could supply the way for free so they need not go into debt to get us there. So it has been a real testimony to all of my family.

15/181: WE ARE PACKED & READY TO GO. We will be spending one night in N.Y. & then taking a train with an 8-hr. layover in Chicago & then to Texas where my family will be waiting for us. My family has pre-paid the train tickets.

BEFORE WE GO WE WANT TO SHARE A VERY AMAZING EXPERIENCE. Several nights ago Secundus & I had been

somewhat discouraged when we found out that there might not be room on the plane for us, & s we were a bit weary too with packing & getting ready to go. Then Jason had been such an encouragement to us with a verse he received from the Lord (Is. 41:10). When Jason had shared that simple verse with us we both breathed a sigh of relief, knowing it was the Lord's message of encouragement for us. THE NEXT MORNING JASON TOLD WHAT HAD HAPPENED TO HIM DURING THE NIGHT. He had gotten up in the night to put the two little ones on the potty so they wouldn't wet their bed & found out someone had put a ring on his finger. He said that he knew it was a spirit because he had seen the shadow of the spirit earlier moving across the wall & it was so big it was as high as the wall. So Jason is so excited about his new ring. It looks like it is silver with a derk jade-coloured stone. We all questioned every other source that it could have come from but no one had ever seen the ring before. So then we had a good time unitedly listening

to the Lord. The Lord didn't speak to us specifically about the ring, but gave us an ercouraging prophecy, especially about how He is using the children.

THE KIDS HAVE REALLY BEEN BLOWING OUR MINDS in the different ways the Lord is using them. It is just like you said, Dad. I think we are going to be amazed at the anointing the children will have more & more as time goes off!

THE KIDS HAVE WORKED UP A GROUP OF SONGS to use in inwading my folks' church. It is so exciting to think of what an impact it will have to come back to the same church where I was raised, with children on fire for the Lord tool. We enjoyed making the video for you but we feel like maybe we were a little ill-prepared. But you can see us "a la natural"! And I guess you can see that "it's gotta be God"!

8/2/81: THE FLIGHT FROM MADRID TO NEW YORK WAS

8/2/81: THE FLIGHT FROM MADRID TO NEW YORK WAS WONDERFUL, & the airline treated us royally. They let us board first, the kids were taken to the front of the plane with the pilots to watch for as long as they wanted in the cockpit, let us watch the movie for free, took us right thru immigrations & helped us with the children & carrying our things! We always had the photo album ready to show everyone what we had been doing for the past 4½ years in Europe & everyone was really impressed & encouraged us. This is always a chance to give the Lord the glory!

OUR FIRST NIGHT IN NEW YORK WAS QUITE A SHOCK!
We were surprised by the hard heart rearestimer & the high crief.

YORK WAS QUITE A SHOCK! We were surprised by the hard hearts sometimes & the high prices. We had to pay \$5 five times to have our bags moved & \$50 for the cab from the hotel to the train station! For our 8-hour layover in Chicago we found a very nice reasonable restaurant

helper on dishes—Patricla-3!

& then took a bus to a big museum. We were quite a spectacle on the busy streets of downtown Chicago. There were no children there at all, except us with our seven, PTL!

DURING THE TWO-DAY
TRAIN RIDE TO TEXAS THE GIRLS WON TWO SOULS!

Dere weren't sleening cars for

GIRLS WON TWO SOULS!
There weren't sleeping cars for most of the trip so both nights n we all slept in our seats & found grocery stores before we left to buy snacks so we wouldn't have so pay the expensive train prices for food. But once for a special treat we all had dinner in the dining car & enjoyed it so much. THE FIRST NIGHT AT OUR FOLKS' IN TEXAS THE CHILDEN SANG FOR EVERYONE & we've been singing for visitors ever since. We even sang for two different churches last Sunday, but to be honest the "invading the churches" ministry just is not for us. (Secundus asked me

to add that maybe this is too negative & that we have to be open to be used as the Lord leads here. He reminded me that many things that we've had to do are difficult the first time.)

WE WERE SHOCKED TO FIND OUT THAT SEC er about our security & surely don't plan to visit Secundus'

don't plan to visit Secundus' family!
OUR HEARTS ARE NOW PRETTY DESPERATE to find the Lord's way to our new field of ministry. We are so thankful that "the Lord knows the way thru the wildernes, all we have to do is follow!" The brothers in Holland have written to us &

are eager to join us either here or on our new field. They have sold the caravan & are selling the van too. It is so encouraging to see the Lord working things out in their lives too. After travelling with all the kids we realise how thankful we will be to have some help, especially pioneering a new field. PTL!

TODAY IS OUR FIRST DAY
ALONE, with both my Mom & Dad working & my brother in school. So we are looking forward to having time for prayer & communion & listening to the Lord to get His leading. It is without any doubt quite a trap here, & we really wouldn't recommend that any brethen pass this way to S. America without sure leading from the Lord to do sol Being here has really made us thankful & looking forward to being on a new field & busy fighting new battles again. We've been praying so much for you & others who may be moving soon too.

27/2/81: PTLI WE'VE ALL
MOVED OUR SLEEPING OUAR
TERS OUT OF THE HOUSE in
to the camping trailer my Dad
bought just after we arrived. It's
so roomy with four double beds!
The first time we were able to
put on the tape "Follow God"
& heard your voice once again,
it was such a relief to us & we
embraced every word.
ENCLOSED IS A TAPE OF
SPANISH SONGS THE KIDS
HAVE RECORDED for Spanish
MWM. Secundus &! Honestly
have so little musical talent, but
we can offer what we have in our I
hands, the kids. The same goes
for our Spanish—it is very poor;
but the kids speak Spanish fluent- a
h, We've just been praying a lot
tabout what we should do &
where to go from here. We always pray the Lord could make
us a blessing & are praying about a
how the Lord can best use our
talents, which are mainly our seven children.
