

"I AM A CHRISTIAN & WAS MOST IMPRESSED with your excellent leaflet on our Saviour's Birthday, 'Happy Birthday Jesus'. Please send me 300 copies for which I have enclosed a cheque. I shall be waiting for an early reply if possible, as Christmas is so near & I wish to get these out soon. Thank you." (Mrs. Swan; Scotland)

"I JUST RECEIVED YOUR LETTER & I thank you very much, & as you see I'd like to know more. Please accept my thanks for having read my letter & my application & wishing that you'll help me to know more of your work. Thank you & God bless you. Sincerely." (Sharif; Egypt)

"SINCE LEAVING THE FAMILY IN '76, I have travelled quite a bit in Britain. In July '80 I was walking through the center of Glasgow & met some Family members. I gave them my address & told them any time they were on a faith trip, they could come & stay with me. One of the members wrote to me from Glasgow & sent 2 pamphlets. I wrote back explaining where I was at with God. That was just over a year ago now. It is now 5 days ago, I received a letter & 2 pamphlets... & from this letter God is telling me to forsake all & join the Family again. But this time when I join, it is for good - for eternity - because I know from studying the Bible that the Family are the only Christians on the face of planet Earth, that I know of, that do what the Bible says 100%. Love." (Alex; Scotland)

"GOD BLESS YOU ALL! I AM WRITING THIS SHORT LETTER to establish contact. It's been many months now since I last wrote & I would like to make sure I have the correct address. When I receive a confirmation letter from you I would like to make monthly donations & receive the Family News, Letters & any other literature I can possibly obtain. My soul is starving for that fresh spring water. Also, I would like to know where the closest brethren are... I have a real burden for their fellowship & leading & guidance." (Phil; Alabama)

"I AM A VERY GOOD FRIEND OF THE FAMILY in Norway. Please send me some True Komix, (especially on the Endtime, FFing, Love & Sex), as well as a calendar with posters, high wall posters & other things. I enclose a donation. Thank you!" (Bjorn; Norway)

"PLEASE PUT ME BACK ON THE MAILING LIST. I've gone through my changes & would like to get back in touch with the Family. I've enclosed a small donation - all I can afford. Can you help?" (Abel; New York)

"I RECENTLY SAW ONE OF YOUR TRUE KOMIX & found it interesting. In it you were advocating love as being the answer to the World's problems. This would be a wonderful situation, that everyone loves one another, throughout the World, & money now spent on 'defense' weapons was spent on food production. However, I am not so sure that all this could be achieved through God. I try to love people, by showing kindness & friendliness to them, but why does religion have to be involved? I don't know your feelings on sexual feelings, but I do have trouble expressing myself in that direction, but that is possibly another way the World could become a happier place. If people were not restricted in their minds to stay faithful & only have one sexual partner. By the way I am in my late twenties & single - perhaps I would not be if I had met girls like the ones in your booklet, - they are beautifully drawn! I do have an open mind on most matters (I have less arguments that way), so I would be grateful if you could send some more details of your organisation. Yours faithfully." (Graham; England)

"I AM A MEMBER OF THE MWM CLUB in Athens. I have seen so many beautiful True Komix in the MWM mag. I liked those very much. Please send me some more True Komix." (George; India)

"A FEW YEARS AGO I WALKED THROUGH THE CENTER OF TOWN, & was approached by a girl from Switzerland whose name was Maria. She only spoke English & wanted to say something about the love of Jesus, but because I had a lot of trouble expressing myself in English at the time, not much came from our conversation. She then gave me a pamphlet, 'It's So Simple' by Father David, & gave me a contact address somewhere. I never thought about it again, but yesterday when cleaning up some documents, I found the pamphlet again. I would like to find out more about it now. Can you give me some more information, preferably written, or eventually an address somewhere here in the north of Holland? With friendly greetings." (Pieter; Holland)

"BELOVED FATHER DAVID, ILY! I have gone through a few of your books, namely 'The Holy War' & 'Our Declaration of Love'. I am very much impressed after reading the 'Declaration of Love'. I am here without love. My heart aches for love. Save my soul quickly, otherwise I will die. Take my love & give me love. I am mad of loving. Waiting very eagerly for your reply." (A.K.; Mid East)

"PLEASE SEND ME MORE OF YOUR LEAFLETS FROM TRUE KOMIX. I will be very grateful. Thank you very much indeed. Have you got a leaflet like 'Life After Death' or 'Escape'? Please send me both. Thank you. Best regards." (M.S.; England)

"PLEASE SEND MORE INFORMATION - often I am not always a religious person, but I believe times are changing & perhaps myself. The World seems to be crazy, but we receive so much information today. Much more than man at any other time in history. Thank you." (D.B.; U.S.A.)

"PLEASE FORGIVE ME FOR THE SMALL DONATION. I have almost no income at all coming in. As soon as I obtain a job towards the end of the Summer, I will surely increase the donation. Meanwhile, please send me what you can. I am weak & I need the Lord's guidance. I have also enclosed an additional \$3 for some of the Father's Letters. If it is possible, I would like some of the Daily Might series or 'Real Love' (condensed quotes) & 'Love Letters' (condensed quotes). Thank you & love always." (John; U.S.A.)

"BY CHANCE, I'D GUESS YOU'D CALL IT, OR PERHAPS BY GOD IF YOU WILL, I came across one of your True Komix, specifically 'The Crazy Crusader', Don Quixote, man of la Mancha! To continue, the closing lines read something like this, 'So that makes just 49 verses, & 7 x 7 must blend, or else you will load me with curses - & wish that my madness would end!' 7 x 7 must blend - My question, & I must if at all possible find this out, is what exactly is the author trying to say. I myself have come across 'seven' in multitudes of writings & would very much like to compare notes. So to conclude, if by chance, which I'm sure would not be chance at all, you could send me the author's name & address so that I may further this question more directly. I would be very thankful. P.S.: I would like to read a couple more of your True Komix if

they are available." (J.P.A.; U.S.A.)

"I WAS WITH THE COG WAY BACK IN '72 & left the same year. In the colony my name was Bartholomew. For the past few weeks I've been visiting a 'Family of Love' Home here in Canada. I bumped into a friend, who I remember joining the COG with 9 yrs. ago, uprown in a book store. I've been studying a couple of Daniel classes each week at his house. I prayed that the Lord would guide me to a Christian group & prayed the Holy Spirit would give me guidance to learn God's Word to grow in heart, mind & spirit to live a life, that of a 'saint'. Amen. Oh yes, I was wondering if you could send me an application for the Basic 144 Letters, not the quotations, but the entire edition by Mo. I'll say goodbye for now. God bless you. Very truly yours." (L.C.; Canada)

"I HAVE RECEIVED & APPRECIATED A COUPLE OF YOUR LEAFLETS here in Hawaii. I am sending you a paper I wrote in 1977 which may interest you. It has since been revised & is being printed but I do not yet have new copies. Sincerely." (He included a paper that he wrote on the Endtime & God's wrath). (J.C.; U.S.A.)

"I HEARD OF YOUR ORGANISATION OR CHURCH & figured that you would be the one which I'd like to. Just recently I asked Jesus to come into my heart & I've been doing pretty good, but I'm still confused as to many things such as where the other great religions fit in with this, (somehow it seems kind of pompous to say that they are all screwed up), & about science & about being a freak, etc. So if you could, could you send me information or addresses where I could get some? Love through Jesus." (M.N.; U.S.A.)

"ON A RECENT VACATION TO CENTRAL AMERICA (Honduras), a friend who I was visiting, said he had some brief contact with a member of your group. Knowing my type of character, he mentioned that I should read the 'letters' of Father David. While his information was somewhat limited, he did manage to explain that yours is a Christian organisation with basic 'revolutionary' ideas. If any changes are to be brought about for the common good then these changes must be through the education of the people, through a 'godly' perspective. Can you tell me if the FOL are non-violent? Are you non-subversive? I believe in change instigated through peaceful, Christ-ordained, spiritual methods, but am able to maintain an open mind. Sincerely." (N.M.; U.S.A.)

THE AMAZING FRUITS OF FFING!

THE LORD PROVIDES VIDEO & OPEN DOOR TO CHINA THRU' ES FISH!
By Lamb, Asia:

I WOULD LIKE TO SHARE HOW THE LORD OPENED THE DOOR TO GO TO CHINA & how He supplied a beautiful brand new video & camera plus accessories. When on an ES date I met an Arab diplomat. Straight away we really made contact in the Spirit & he really fell in love with Jesus in me.

WHEN I ES, I REALLY TRY TO BE AS UNPROFESSIONAL AS POSSIBLE, & on this date I was even more so, as the day before we heard that the police were investigating foreign girls working for the agencies.

SO WHEN MY FRIEND ASKED ABOUT THE TIP, I told him not to worry about that. He was very touched & he told me that I was the 1st girl ever to say that to him; He said, "You are so different!" Hallelujah! - & he gave me an extra generous gift.

I MUST ADD THIS IS ACCORDING TO MY PERSONAL FAITH, & how I personally - as much as the situation allows - like to ES. Also, he asked me if I needed anything.

SO, I ASKED HIM FOR A VIDEO CAMERA! He wrote me 2 letters express, then he called me & arranged for me to go see the company. TTL for the Letters so I had an idea of what they were talking about!

THEN MY FRIEND MAILED ME A FIRST CLASS TICKET TO PEKING,

where I was able to spend about 10 days! It was really exciting! My contact was limited, as I nearly always had a driver & interpreter with me when I went out. They were very sweet & shared a lot about China. PEKING RIGHT NOW IS BUILDING MANY HOTELS TO COPE WITH ALL THE FOREIGNERS COMING FOR BUSINESS, so there is plenty of cover for discreet witnessing, & for making contacts.

WHILE THERE MY FRIEND RECEIVED JESUS! He is a very precious man with a real giving heart.

MYVM, Dad & Maria! We just wouldn't have anything if it weren't for you! GB&KY, Lamb

"A miracle! - All four standing still long enough to take the photo!" (L to R: Joanna (3), Susanna (5), Nathaniel (6X) & Philip (15 mo).)

More on ES'ing

From Ruthie; Orient:

Mo Quotes & Scriptures on the Escort Ministry. AMEN! BB'M! ILY!
1. Dad's vision of how he sees ES'ing should be done - the "How To". (Even though every situation is not consisting of this type of date, the attitude of the girl it seems should be more leaning to this type of situation.)

"Going Underground" No. 750:5,7,9,10 -- "Normally, you go around & see the sights all day or go out for a great time at night & see the best shows & everything, & finally wind up back in bed at his hotel room at 2 or 3 in the morning... And if you could do it for the Lord, it's not only a good living but a good witness!... They act as respectable escorts for visitors & tourists & travelling businessmen, the loners & the strangers who don't know their way around a strange city. You take them around town, go to dinner & the shows with them - & to bed with them if you want! - And you don't always have to go to bed with them - a lot of girls get away without it!... I tried a girl escort service once, & it was a very pleasant evening! She knew all the interesting places to go & was lots of fun! It was sure better than being lonely in a strange city! - Then we just kissed goodnight at her door!"

"Island Secret" No. 1004:par 68 - "There are lots of lonely businessmen who are happy to give generous donations to our girls for their welcome escorting of them about the city showing them its sights & sounds & clubs & nightclubs & nightlife & eating places & places of entertainment, etc., for a fee."

2. Motives for ES'ing:

"Little Dog Dream" No. 535:All esp. Par. 35: "You can sure get sidetracked on the FFing if you don't look out! When we hear that many of our top leaders are getting so involved in FFing, we wonder when the administration is getting done - when the overseeing of all their flocks is being taken care of. You wonder that, because we know how much time it took when we started FFing every night. It takes a lot of time & the people that have other important jobs of overseeing just shouldn't let themselves get so completely involved in something like that that they don't have time to do their other jobs. This ought ye to have done & not to have left the other undone." (Mat. 23:23)

Par 36: And another thing, you know how often some of these gals get sidetracked & try to see how many men they can get in bed instead of how many men they can actually win to the Lord. And we heard of one top leader who for awhile was trying to see how many men she could get in bed, a different one every night, instead of really winning 'em... Well, we did that a few times in the experimental stages at the beginning, but we've learned that this is not usually very profitable. Some are apt to get sidetracked with the fun & the rides & the pleasures (& the money?) of FFing & to forget what they're doing it for.

par. 54 - "...they go after the good fish, & the kind of fish they know that count, & the kind of fish they want, & they plan on takin' 'em home & eatin' 'em!... Not just think 'bout how many fish they can catch, & throwin' 'em back in again!"

par. 74 - "...we're fishing to catch men... totally into the Family, & not just see how many you can hook in one night or how many guys you can go to bed with to make 'em temporarily happy. par. 75 - These one-night stands or this overnighting is not all that profitable unless you really witness to them the Word & really win 'em to the Lord.

par. 77 Fruit that remains - that's what we're after, not the fruit that leaves the next day & you never see 'em again. And we got a few from even those first attempts that have remained, TTL. We've done our experiments & they don't need to be repeated. We've learned our lessons, & now we can help others to learn from us the lessons that we learned. par. 82 - are you feedin' the fish to get what you wish, instead makin' a catch onto which you can latch? Happy Hookin'!"

"Refuges" No. 1003 par. 59,60. "We're not completely downing escort work or FFing. Sometimes you have to do it just because you've got to reach them somehow. But if you're doing it just for support, you've got the cart before the horse! God won't bless it! If you're doing it to try to win souls primarily & you're getting real fruit & the Lord's blessing it, TTL, He'll supply too! Or if you're using it to help missionaries on the field & to support them to win souls if you can't, God'll bless it! But He certainly will not bless it just for you to earn enough money to buy a refuge farm & stock it with survival supplies where you don't even need it!"

"Seek First" No. 697:61 "Let's try to strike a balance, a happy medium with temperance & moderation in all things. 1 Co. 9:25; 2 Peter 1:6; Phil 4:5; Mt 23:23."
