

3. WARNINGS:

"Going Underground" No. 750 : 8 "But I certainly wouldn't want you girls to get mixed up with some of those tough thugs, pimps, racketeers, gunmen & organised vice!...Don't get caught in their traps! Be independent."
(About the need to pray about the spirit & people behind the agency the girls are with--some are very sweet & look after the girl well & are flexible, & others are pushy, extort fines & cheat the girls, tie them in a rigid contract & one girl even heard the owner threatening a girl who stepped out of line!)

In "Island Secret" it's brought out about not wanting to offend the government of the country (where the girls had found a fruitful ES ministry) concerning witnessing & witnessing, but it could also apply to too much ESing in our case, esp. because of the recent publicity that mentioned our ES ministry & the investigations & that the authorities have their eye on our activities, that it could jeopardise our work with other types of witnessing, witnessing & ministries of the word.

4. JESUS SAID: Mt.6:19-34 about living by faith and Heb. 13:5 Let your conversation be without covetousness & be content with such things as ye have, for he hath said, I will never leave thee nor forsake thee.

5. Dad is also concerned with the terminology we use & folks here have been offended by some of the ESers language & manner of talking about their FFing through ES agencies. "Fellowship Revolution" par. 105 (about eliminating wrong terminology & using something the family could understand & that means something to us.)

For example: When discussing ES experiences are we using words like: a job or a date? a guy or a fish? & and of God's supply? hours & minutes spent or what witness took place?

Thank You, Lord! I love the ES ministry, & all the girls who have tried it have found it very exciting & inspiring most of the time, esp. when going out to really witness & win souls & find lasting fruit! I've encouraged more of the girls to write up testimonies because some real miracles have taken place & souls won, & long-time fish & friends are still in contact with us. I love the ES girls & know their sacrifice in a very difficult witnessing field--And hope these quotes & scriptures will be a blessing & a help in finding a balance & a temperance in this area that seems right to all, or as many as possible! We'd very much like to hear more counsel from the top, DV!

Lots of love, Ruthie

The Blessings of ES'ing!

An escort girl shares the fruit of her ministry.

From Deborah, S.E.Asia:

I'm still thanking the Lord for such a revitalizing experience! ESing is such a blessing! I'd like to share some testimonies & my feelings on the subject. It was almost exactly one year since I'd gone out on any dates for the escort agencies. I was a big 4 month PG when I stopped & had not felt it was the Lord's will to leave the baby for so many hours at a time (as ES work called for) until she was 7 months old, mainly because she is not an easy-going baby. Needless to say when the Lord showed me it was time to get back to that fruitful ministry, I was about ready to explode! And that's exactly what happened.

Michael, Samaria & I rented a large room in a relatively cheap hotel for ourselves & our 2 year old & 2 babies, 6 & 7 months old. We then called in to the Agency which had proved to be the busiest, but also let our friend in the friendliest one know we might be available. (She's really sweet & has gotten saved, but isn't an especially good business woman!)

Here are 3 reasons why the one is so busy:

1. They offer 24 hour service--in fact, most of our dates began after midnight when our friend in the other agency usually stopped answering the phone!
2. They follow up--call the guys back the next night & offer more girls!
3. The agency fee is partly based on the length of time the girl will be with him, therefore they don't have to wine & dine the girls if all they want is a little love!

Since our time in this expensive city was limited & because we are both mothers of small babies, we really wanted to make the best use of our time. On our first night out, the Lord tested us to see if our hearts were right--

dates is that the men are usually already unwound from the business of the day & have their guards down--all they are expecting is a simple little girl to make them feel good & maybe some light conversation before they fall asleep. The big (& little) fish are all worn out after a tough fight with someone else (the System) that day & are much easier to catch! PT!

These agencies are such a blessing. Someone else is working fulltime to arrange for you to meet with all these precious souls! Also, the men are obviously willing to help out financially or they wouldn't call! TYJ! The Lord really blessed us with funds to continue in His work on this, our field of SEAL PG!

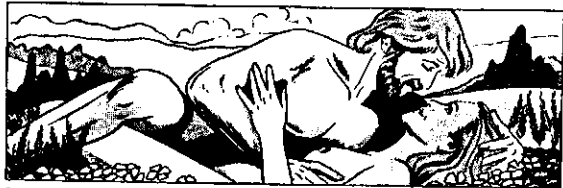

"You're the only face He's got! Your body is the vehicle that His Spirit is travelling in & your tongue is the instrument that gives them the truth. We have to show it in the flesh to illustrate it in the Spirit! The Lord wants us to practice & demonstrate our love. I will show you my faith by my works. The works are the visible realm. The only love of God they can see is the love they see in you." (DM100 & 205)

The Good Fruit of FF'ing

A loving letter of gratitude from a thankful fish.

From Judy, S.America:

Dearest Family,

HERE ARE SOME EXCERPTS FROM A LETTER FROM A FISH which I received several months after FFing him, after not hearing a thing from him:

"AS YOU SHOWED ME SO MUCH OF HIS LOVE & WERE SO PATIENT WITH ME, I write to tell you I have at last humbly prayed sincerely for Jesus to come into my heart.

AS YOU CAN IMAGINE, I HAD SUNK TO THE LOWEST DEPTHS OF DESPONDENCY AND DESPAIR. I felt so alone, unloved and no longer cared if I lived or died. I suffered this emptiness for a long time and then I found one of your leaflets, "The Holy War". God put your image into my mind and I read the pamphlet in a new light and suddenly everything became much clearer. My thoughts centered around you and your way of showing God's Love.

I HAD NOWHERE ELSE TO TURN SO I TURNED TO JESUS, as you had taught me. I prayed to Jesus and asked Him into my heart, asking him to forgive my sins and guide me in His light, to make me worthy of His Love and to help me to show His Love to others. Naturally I felt relieved of my burden as I put my whole trust in Him.

I AM WRITING TO THANK YOU FOR ALL THE LOVE AND HELP YOU HAVE SHOWN TO ME. Even a beautiful word like love cannot fully describe how deep is my gratitude! Now filled with God's Love I want to share and give this Love to others! To serve our Lord by serving others. Please teach me more of His Love and teach me the ways of our Lord. Please write soon! TYJ!

what were our motives? Were we just in it for the money? Samaria & I were called to go on a double date with a couple of rude men. We soon agreed by means of eye signals that it wasn't the Lord's will for us to spend time with them no matter what the price. They were alternately being belligerent & pushy & then trying to force us with money to stay. Thank God, the Lord worked it out. The rich, rather inebriated boss had tried especially hard to convince Samaria not to go, by putting a lot of money in her hand & trying to persuade her with his "charms" but it was clearly not the Lord's will & money was not our primary motive for being there! Still, this was not the most inspiring way to begin our week! But we were trusting the Lord that we were following Him & He blessed it. TYJ!

You can't expect them all to be sheep, but you can expect them to be gentlemen! After all, this is like a system job & the clientel varies, but the men should be respectful--the vast majority are. In fact, they're usually so thankful for our sweet honest attitudes & gentle, loving, caring ways that the hardest hearts melt in a minute & they completely let down their guard, become simple like little children & pray for Jesus to give them a new life! And He does! PTL!

Our second night we were called to go on a message assignment. These young Filipinos (we were doubling again) really only wanted a professional massage & had no idea what we were doing there since we couldn't give a professional massage! Soon they caught on & in the end, I think they were quite satisfied with this unusual "massage" we gave, but I know they were satisfied with the message--the Messiah! Both got saved! TYJ!

Now on to my next "assignment" (what a job! Ha! What a way to witness! Ha!!) This sweet soul (an American!) was so thankful for the love (though he, too, really only wanted a massage to help him go to sleep.) He was suffering from jet-lag after having just flown some 20 odd hours from Boston. The Lord used his discomfort due to this ungodly means of travel to reach him with the witness--beginning with the vision of what modes of travel we'll use in the Millennium & ending with his getting saved so he, too can enjoy it! PG!

The next night I had 3 dates. First, an Indian who readily prayed with me to receive Jesus, though he had previously been a Hindu; second, a German who was already saved, but greatly in need of love & a loving listening ear, & third, another German (the same sign & almost the same age as the one before) who was born again that night! TYJ!

In those two nights alone, 5 souls were saved! PG! 4 more were saved in the next few nights including a Japanese businessman who was at a real turning point in his life. His comments to me showed such insight: "I really trust you, it's something about your eyes." I told him, "the eyes are the window of the soul & because I have Jesus in my heart you can see Him in my eyes!" I told him I wanted to see Jesus in his eyes, too, & all he had to do was ask Him into his heart! So he did! Ha!! He was really thrilled by the Spirit & really wants to stay in "touch"! GBH! The Lord is faithful & sent him another sister who confirmed the witness a week later after I had left the area. PG!

On my way home one night I found the taxi driver was the receptive vessel the Lord had provided for me to pour into that night. He shyly held hands with me to pray for Jesus to save his soul & another child of God was rescued from the Enemy. "Watch for the worthy & wait for the witness."

So we've had a lot of good fruit from this controversial ministry including some we've had on the line from our ESing nearly 2 years ago. God bless all of you in whatever ministry you use to reach the lost. We hope this is an encouragement to all who are wondering about the fruits of ESing & how there can be enough time to really witness to them if you're seeing more than one man on any given night. (The agencies don't want you to get in touch with the men on your own, but we usually "obey God rather than man" when we feel so led.)

I must admit my attitude has really changed. I used to worry too much about my appearance so I went through more trials than necessary & lacked faith to make the most of what I did have--the Spirit! As a result, I didn't take command of the situation & go on the attack & few souls were saved. I was too concerned about what they thought of me & not enough about what they needed & how to reach them.

Another thing I've discovered in favour of these late night (or early morning)

WITNESSING THROUGH ESCORTING--HOW A MOTHER OF 4 DOES IT!

From Cassandra, Jakarta:

GBY&GLJN! I wanted to write about the Escort work in Australia & Sydney in particular. With every guy I saw (I worked for over 1 1/2 years) I was able to spend a minimum of 2 hrs. with him and during this time was able to witness to him to the point of making him mad, sad, or glad!

I THINK THE BIGGEST TRAP YOU FALL INTO IN THE BEGINNING was being afraid of the Name of Jesus. But once over that hump it's just amazing the results you get. PTL! Now I never fail to ask if he believes in Jesus, if not why and heavily witness.

THIS PAST 2 MONTHS OVER TEN SOULS WERE SAVED and I only went out about 12 times. I met so many love-starved guys, although most were not Australians, but Chinese, Italians, English.

THIS ONE FELLOW SAID, "I know God sent you here. I never used an agency before and here you are converting me!" It turned out his girlfriend had just left him & he was blue as can be, but after sharing with him he not only received Jesus but he also wants to support me on the field.

AS A MOTHER OF 4 I KNOW ESCORTING WAS A REAL ANSWER TO PRAYER as so many times going out fishing you meet so many cat fish who expect so much & time is so precious. If the evening flunked out you feel really down about it.

BUT WITH ESCORTING IF THEY

TURN OUT TO BE GOATS, and are just not willing to receive Jesus, you feel like you delivered your soul and lost only only a couple of hours. And I found the sheepy guys extend their time with you.

THE ONLY TIME I HAVE HAD ANY PROBLEMS WITH GOATS OR WIERDOS is when we didn't pray! Usually before the night would start, we'd pray specifically for sheepy calls and He never failed. The ones who called were always so needy.

ALSO WITH ESCORT WORK YOU DON'T HAVE TO MAKE LOVE TO THEM as you're getting paid for your time, not making love. But I have never (with one exception) met someone who the Lord didn't really break my heart for because of how lonely and desperate he was. I might be a pushover but I think even the fact that they are willing to pay 190 for a couple of hours is a sign in itself. So TYJ!

I JUST THOUGHT I'D SEND IN A FEW POINTERS I LEARNED:

a) WITNESS HEAVILY THE FIRST NIGHT as a lot of men say they will be back, but too many times you never see them again. It really hooks them to tell them you're a Christian as right away they know why you're different. It's easy to talk politics & they might think your ideas are
