I've planned it this way so that you, as My queen and head of the Family, would set the standard and the sample of turning to Me, of seeking Me and praying and listening for My instructions and obeying the things I say.

This is one of the **most important** things that I wish to teach all of My shepherds and children to do.

Ask Me everything!

IT ALSO MAKES IT
MUCH EASIER FOR YOU, MY
LOVE, BECAUSE YOU DON'T HAVE
TO THINK UP THE ANSWERS ON
YOUR OWN.

BEAUTIFUL!

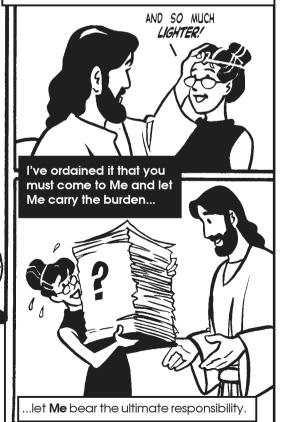

You don't have to worry about whether you're giving people the right answer or the right counsel, because you turn to Me and get the answers directly from Me, and can rest assured that what I say is the right thing.

And by using you as their role model and sample, I make it much easier for them to follow and learn the way that I desire to work through them.

HOW DID
YOU KNOW I
WOULD LIKE
THIS COLOR
SWEATER?

WE ASKED
THE LORD!

This eases the pressure and strain of your leadership role, and lightens the great responsibility that you would otherwise feel if you thought that you had to come up with all the right answers.

It's not a weakness that you can't think of what to tell people without seeking Me;

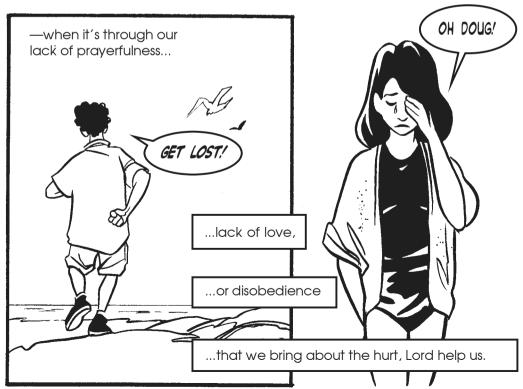

Of course, sometimes we have to be hurt in order to bring about the Lord's purpose in our lives.

For example, if we need correction, even if it's going to hurt, we still need it, and it's through the hurt and the breaking that we're made better.

But I'm talking about here when something is unnecessarily hurtful to someone, or hurtful in a bad way

The things I really dislike, because through them people hurt themselves or others, are:

I don't think people always realize just how powerful an influence movies have on them, without them even knowing it.

It really bothers me when people watch bad movies, because I know it's corrupting their spirits and hurting them...

...even if they don't realize it.

## 2) Another thing I strongly dislike is when people gossip about each other.

IT'S SO SAD TO
SEE PEOPLE HURT,
OFFENDED, STUMBLED,
AND WEAKENED IN THEIR
SERVICE FOR THE LORD
BECAUSE OF SOMEONE'S
GOSSIPING ABOUT
SOMETHING THAT'S NONE
OF THEIR BUSINESS!
LORD FORGIVE
THEM!

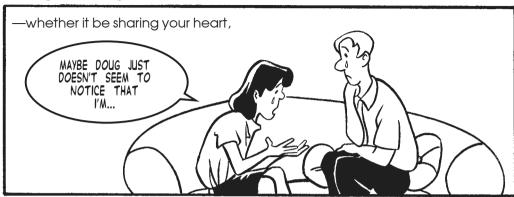

3) Another thing that really hurts me and that I don't like is when people say unkind things to others, or don't show enough love.

It really "...but I think the saddens me worst thing is when when I see an Doug told me I'd never be a good witness. I obvious lack don't think I'll ever of love. get over this discouragement..." Unkind words can often discourage and wound someone's spirit in a way LORD HELP US, WE that takes a long time to heal and get ALL NEED TO ALWAYS BE over. ASKING THE LORD FOR MORE LOVE. HUNGRY, BUT ... THAT'S SOMETHING WE CAN NEVER STOP GROWING AND MAKING PROGRESS IN-THERE'S ALWAYS ROOM TO GROW!

We're all responsible to others for the words we say and the effect these words have on them.

## In the Lord's eyes, no matter who you're talking to, you still should pray and ask the Lord to help you say things lovingly

Lord help us all to be more prayerful and to pray for more love in our words and actions! Amen? I love you all!

When the Lord told me to get her off them, I argued with Him a bit, wondering if it was really necessary that I get so involved in her life, and the Lord confirmed it through the voice of His Word.

So I went and told dear Mama, and God bless her, she took it without being sensitive and started to try not to eat them.

But it was such a fight, and we had to keep working on her and reminding her and keep those things well away from her.

> It was as if she were irresistibly drawn to them and she just had to have them!

But thank the Lord, after a few months of gentle and firm prodding, she finally got the victory to where she could at least resist them herself, and her face was clearing up wonderfully!

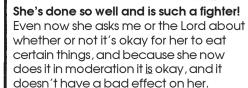

I remember she used to try to sneak a few in here and there, but either I or someone else would catch her and remind her, and she would—grudgingly at first, then cheerfully later on—skip those yummy desserts.

I loved your Mama and wanted her to have a nice clear beautiful face, like her personality.

Besides, now the sweets she does eat are made with either honey or raw, unrefined sugar, and don't have white sugar in them, which is poison and just totally robs your teeth and body of all the nourishment you need. Prov.25:16

That's why I've encouraged you all to eat healthy things, because you are the temple of the Lord and He wants you to have the healthiest body you can, so you can do the job better and be a better sample.

IT'S SO NICE THAT
I'VE BEEN ABLE TO STAY
SO CLOSE BY HER. AND THAT
I'VE BEEN ABLE TO STICK
AROLIND ALL OF YOU, MY DEAR
LOVED ONES. THIS
TRILY WAS MY HEART'S
DESIRE.

CARE OF YOUR TEETH

Excerpt of ML#190:7-9

IIMMEDIATELY ATE ALL THE CHOCOLATE-COVERED NUTS—the only kind of candy I like—out of a box recently sent us in love from Love and Asaph, but I helped my little secretary resist temptation of her favourite sweet by putting her on a strict ration! When she first came to us, she had a rather serious acne problem which she'd had since her early teens, but which the Lord and I cleared up completely with a strict diet with little or no sweets in just a few weeks, and it also helped her teeth—only one cavity in four years!

OF COURSE, I, WHO HAD HAD only one cavity in my first fifty years, was a pretty good teacher on the subject, as my father had taught us from childhood to always rinse our mouths thoroughly with water immediately after eating or drinking anything sweet, and to eat as little sweets as possible, as they not only rot your teeth, but also rob your bones of calcium, the building material with which your body tries to repair those cavities! See what the Bible says about honey, even.

**NEVERTHELESS, EVEN I MUST HAVE BACKSLIDDEN** SOMETIMES, BECAUSE RECENTLY I HAD TO GO TO THE DENTIST WITH MY FIRST TOOTHACHE IN 53 YEARS, and he found several small cavities!— Shame on me! However, he also found two brand new wisdom teeth just coming in nicely! When I told him I'd only had one filling in my whole life and that one thirty-five years ago when I was 18, after a little patchwork, he said. "Well now! That should last you for another thirty-five years!"—And Maria rejoiced at the good news that she only had one in four years, as her previous record had been pretty bad before I and the Lord and the Revolution act ahold of her! So take good care of those teeth God gave you!—They may have to last you all your life!—Eat right, clean right, rinse right and live right!
