

1. I THINK WE'VE SOLVED THIS PROBLEM OF HOUSING COUPLES. Some of these guys want to join the Family and move in and live with some of our gals but we don't have room for them.

2. YET THE GIRLS STILL NEED TO BE BUSY AT THE COLONY and do their own work and FFing and so on. So we don't want the girls to move out from us onto the man's territory where they'd feel totally obligated to the man and be totally under his control in his apartment.

3. WE PRAYED DESPERATELY ABOUT THIS and finally hit on what I think is a possible solution in some cases --when we can't find a place big enough to take them into one of our Colonies

4. WE CAN RENT A ROOM OR SMALL APARTMENT NEAR A COLONY and the boy can pay half the rent. The girl pays --that is, we pay--half the rent and the boy pays half the rent. These fellows who have jobs can afford it.

5. THAT WAY THEY CAN SHARE, and she will feel more independent and

the boy also won't feel quite so obligated as he too can feel a little more independent. He won't feel like he's a freeloader if he is paying part of the way.

6. RENT EVEN JUST ONE ROOM OR A SMALL APARTMENT for these couples nearby. You can get one-room efficiency apartments that have the beds in the living room that let down from the wall or whatever. Then there is a little kitchen and a little bathroom, just enough for two.

7. THEN WHEN THE BOY GOES TO WORK IN THE MORNING SHE CAN ALSO GO TO WORK AT THE LOCAL COLONY. He could drop her off or she could walk or take a taxi. She should be put on the Colony schedule just like someone who lives there and performs her regular duties and is expected to appear there at a certain hour every morning.

8. HE COULD BUY THEIR BREAKFAST AND HIS OWN LUNCH FOOD, and they can eat dinner together at the Colony at night. That would bring him into the Colony fellowship

when he comes home at night from work, and that will give her a chance to work the whole day at the Colony. So what do you think of that? Does that sound like a good idea?

8. WE HAVEN'T WANTED TO PUT YOU GIRLS OUT IN THEIR APARTMENTS. Letting you go and live with them on their ground in their apartment would be making you too dependent and obligated to them.

9. YET WE ARE NOT ABLE TO BRING THEM IN TO OUR PRESENT PLACES because we just don't have any room, and also sometimes for security reasons. Even for fellas who might want to move in we just haven't got room. But also those that work out and have their own jobs, they don't like to feel totally obligated to us either, like they're

freeloaders taking a free ride.

10. ALL THE MEN WHO ARE LIVING WITH US NOW ARE HELPING OUT IN SOME WAY. But since we haven't got space in any one of the Colonies' houses for more, we just got this idea that maybe this would be a good solution. Think and pray about it. It's just like you live together but each has your own job, yet can still enjoy Colony life, food and fellowship!--Amen?--GBY!

11. REMEMBER!--YOU RENT THE APARTMENT!--Then let him pay you half the rent and food.--That way if there's any trouble, problem or he backslides, it's still your apartment and not his.--He leaves, not you!-- And be sure to get back his key or change the lock! That way you control the situation--not he! You belong to the Lord--not him!--Amen?
