

GREETINGS IN JESUS PRECIOUS NAME! Thank you for standing by in prayer & giving. After one year the school is still advancing, and we wish to thank our friends who have made this ministry possible. God Bless you all!

The students pictured above have just completed the youth course and have expressed a desire to continue the advanced training for another 3 months. With new students coming also this requires more room. Will you please pray about this need and give if God so leads, so that we may expand? WRITE TODAY!

WE ARE NOT SATISFIED! Are you? There must be more missionaries for the foreign field and witnesses here in the homeland. Cuba is at our very door and yet almost untouched with the true gospel. We have sent several teachers to the West Indies but they

are calling for more. MARY VEAL & UNCLE ROY NETTLES are two who answered the call; and after training here at F.S.C. have a fruitful ministry in Trinidad. They need your prayers and help. Please do not forget them!
