

SHARON MISSIONARY COLONY and the FLORIDA SOUL CLINIC SCHOOL--"He that winneth soules is wise"--Prov David and Jane and Aura Jones, Directors Miami, Fla.

Greetings to you in Jesus precious name! **HURRICANE DONNA! -1961-**

O G
28

This is a letter of great thanksgiving. Hurricane Donna, the most destructive on record, has left a path of terrible devastation all around us here, with winds up to 166 miles per hour, and tidal waves up to 11 feet above normal, the very worst of it striking our Florida Keys where our Missionary Colony is located--and yet God has miraculously spared us and our trailers!

Surely the Scripture is true: "A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee"! (Ps. 19:7).--The pictures below prove it once again:

SCORES OF TRAILERS NEAR US OVERTURNED

Hundreds of trailers throughout Florida were destroyed, many of them like these all around us.

MANY OTHER TRAILERS AROUND US COMPLETELY SMASHED

--Some were strewn across roads or on top of each other, with belongings scattered all over.

HOMES AND BOATS AND TREES WERE DEMOLISHED

Please pray for the people.

--Some homes lost everything, others upside down or across highways, boats swept far inland.

BUT THE TRAILERS OF THE LORD STILL STAND!

-Praise God!

--Some were absolutely unmoved, cabanas untouched, amangos intact!--None lost, few damaged!

OUR OTHER BUILDINGS AND MATERIALS SPARED

-Thank God!

--Wash-house unharmed, flizay shed unmoved, temporary kitchen undamaged, building materials saved, some scattered about but most still neatly stacked--despite hurricane and tidal wave!

ONLY A FEW VERY MINOR DAMAGES

-Please pray.

--Only a few broken windows, in only three trailers, resulting in wet beds, books and a few personal effects. Here you can see the "drying out" process. Although some of the lumber for our new building was strewn about, we didn't lose any--and our blocks are right there.

God gave us perfect peace--that He was able to keep the "camp of the saints" if He wants us to continue this work for Him--and He did--by a miracle! Hallelujah! He is faithful!

The Lord has supplied most of the materials for our new chapel and school, but, as always, He needs laborers--missionary students who will help with the construction while training--and they will need food, utilities, trailers, etc., as well as our faithful staff of workers.

So please pray earnestly that the Lord will supply these urgent needs. God bless you! PLEASE write soon.--Sincerely yours in His service, --David, Jane, Aura and All of Us.
