COME HEAR HER FOR YOURSELF!

Grandmother

is the National President of the American League of Praying Mothers, Mothers of Sons in the service, having herself had a son disabled in the service, and her other son is now a naval commander in the South Pacific. She has for years been one of the nation's leading evangelists and an outstanding exponent of the faith life, after her conversion from blatant unbelief and miraculous restoration to health in answer to prayer, having spent five years in bed as an almost totally paralyzed invalid as the result of an accident, the story told in her well-known book, "The Hem of His Garment." She has written other works as well as many poems and songs which are familiar to many. She has filled to capacity some of America's largest auditoriums, including: Cadle Tabernacle, Indianapolis, seating 7,000; Philadelphia Arena, seating 10,000; People's Tabernacle, Toronto, seating 3,000; and the great Miami Gospel Tabernacle built by her in Miami, Fla., seating at that time about 3,000. She will be remembered by many for her well-beloved radio program, "Meditation Moments," broadcast from Miami for eleven years over WQAM.

HER SON, DAVID, has sung on radio stations from coast to coast.

HIS WIFE has been working recently among the younger set at the Hollywood movie colony. They will conduct the music and Saturday Night Youth Rallies and also afternoon Children's Meetings.

Beautifully Illustrated Songs! Old-Fashioned Gospel Singing!
