17. **DISAPPOINTED!** CAN'T THE FRESH AUTUMN WEATHER BRING US! For a Nature Walk together, Davidite packed in his little pouch his magnifying glass, a shovel & a small pair of scissors (we protect of the sharp edges with thick masking tape). As we walked along, he'd touch the autumn leaves on the trees & watch them fall to the ground. We talked about dead & living things & the changes in colours all around us.

Smacks on the mouth—only for "special" kisses!

18. **THE FEELING HE ATTACHED HIS FIRST MOVIE.** **LEAVE "MAGNIFICENT EBELM"** about the African animals in the desert. He really enjoyed it, & the main thing Davidite remembered out of the whole movie was "babies protect their babies". We made sure that someone else viewed the movie before we took him to be sure it was completely edifying for a small child & would in no way scare or adversely affect him, & anything we thought he wouldn't understand but might worry about was explained beforehand.

19. **ALL ALONG DISAPPOINTED!**... Sometimes before he'd be subjected to his studied monism. One night we heard his say to them, "You go fuck Pat, & you go fuck the big girl in the kitchen! Oh, you don't want to Oh, OK, I'll fuck Pat."

20. **IT IS NO OLD DAVIDITE ALWAYS WISHED TO SEE KING GEORGE!** He flicks his penis with her finger & giggles & a giggle over it, the camera pulled his underwear up indignantly, then she kissed his belly button & laughed, so he lifted his shirt down over it & scurried off with his pants around his ankles.

What are we doin' in bed!—Flapin' "footeale"

21. **ONE NIGHT DAVIDITE WAS THROTTING "WARRIOR"**

**PLAYING MANAGING & & came to the sidewalk.**

"Oh, she's really. What's her name?" he answered, "Sheila". He asked if he could put her up on the wall by his bed like Buddy does, & then kissed her nipples & stroked her pectorals all over. Alfred said, "I think Sara's prettier than her, don't you, David?" He answered, "No, I think she's prettier than Sara!" Alf & new girlfriends!

22. **LATER IN THE NIGHT HE**

**WANTED TO TAKE A PICTURE OF**

**THE GIRL, so he**

**stood in a**

**chair & Alf**

**helped him aim**

**the camera for**

**about 3 mins.,**

**explaining to**

**him how to use**

**it. He was so**

**excited he**

**could hardly**

**stand it & I**

**thought surely**

**he'd take a**

**picture of the**

**ceiling or**

**something, but**

**the picture**

**wisely turned out nice!**

23. **HE'S SOMETHING JUST JUMP ON TOP OF ME**

**BRAG QUICK, BRING AWAY & THEN JUMP OFF AGAIN**

& say, "Do you like that, Sara?" But his usual, more gentle & preferred approach is, "Let's go wash penis", & then I know what he really wants!

24. **DAVIDE TOLD ME HE WANTED DAVIDITE TO MAKE**

**ALL THE LOVE THAT HE EVER THOUGHT & WANTED A**

**WIFE! I SAID, and thank the Lord we can enjoy**

**sharing real "love" together!** It all comes

**about so sweet & naturally that it seems no wonder**

**what all we must've missed in our own childhood!**

**It's wonderful to be able to pour into**

**the children all your "treasure"—our true "I"—real**

**love, joy & peace—here & hereafter! PTL!**

"ACTS" IS CRAFTS!—Chapter 24.

1. **WE MADE BIRD TAKING & LIFE ABOUT THE CHANGE**

**OF SEASONS, since it's an obviously beautiful**

**outside. We gathered a collection of coloured**

**leaves all**

**the yard, then**

**glued them on**

**a little round**

**canister, sprayed**

**the leaves with**

**hair spray for**

**preservation, &**

**covered it with**

**plastic & made a**

**pretty pencil holder.**

We also put

some beautiful

big different-

coloured

leaves between

2 pieces of

waxed paper &

glued them

together to

hang in a win-

dow, which makes a beautiful decoration in the

sunny room.

2. **IT'S FUN TO BE JUST AS EASY TO TRACE &**

to it "some schooling" or otherwise; he often so much to play with his little son & state out that I've used it for a teaching opportunity by putting up pictures, words & making arts 'n' crafts projects to add to his own set. Practising several crafts books between the boys, Alf, Dave & Clay, has been a real success in inspiring them to do more than just play cars! The boys have all become real interested in "teaching" & each of them have their own projects planned for their next turn to play with the kids! on our next boy!

3. **ART PROJECTS: WE COVERED A BIG SOUP THERMO**

**CONTAINER WITH A WORLD MAP, & put pictures of children**

**from around the world on**

**the lid, & on a small detergent**

Alf, he made a

4. **WHEN DAVIDITE READ THE CHILDREN'S EDITION**

**OF THE LETTER ABOUT "DINK",** the crippled boy

who tossed little messages out his apartment

window, he & Alf printed his message cards on

folded pieces of paper & put them on the other's

bed to inspire them with a surprise witness

message!
