of us at this time, especially to Maria, who certainly needed a Prince Consort & helper in such a great time of stress & need. Tim worked very hard daily at taking care of all business matters while Maria

remained faithful to keep the Words flowing, having Sally Scribe there to type them while Maria helped care for Dad.

9. PETER & DAMARIS VISITED US OFTEN & were very helpful also at doing errands & mail runs for us.--There was not a moment's rest in the house during the entire sickness.--Who could relax knowing Dad was upstairs suffering from depression & illness, all for our sakes, the Shepherd's flock?

10. DAD OFTEN CALLED FOR SOME OF US TO

COME TO HIS BEDSIDE FOR HELP. Timothy sometimes played him songs of the Spirit on the guitar, & Dad cried & cried to hear his dead son Aaron's heartcry in song for the youth of this world. One day Dad called everyone in to surround his bed & pray for him with oil & laying on of hands--and we prayed with every bit left in us that this wasn't his final goodbye: O Jesus: Thank you, Family, for your prayers of intercession at this time!

11. IT WAS ONLY GOD WHO RAISED HIM UP! (James 5:15.) I'll never forget the grateful tears we all cried, when one sunny May morning, Maria was led to open the windows wide to their bedroom, & we heard the sound of the riding lawnmower & a child's laughter! Dad wanted to look out the window & there in the yard he saw

--It was a beautiful view!

David riding on the mower with one of the boys. David was thrilled to pieces to see Mommy & Daddy watching him! Dad was sooo happy to see "life" again, he said that David had given him the will to live & had brought him back to life! Hallelujah!

12. OF COURSE, POOR LITTLE DAVID HAD ALMOST NO TIME AT ALL WITH MOMMY & DADDY for a long while, almost a month, although he did make several little visits to Daddy's sickbed or to see Mommy.

HELLO SON!  
YOU'RE BEAUTIFUL!  
OH, THANK YOU
