

day at nap & I made a BIG spot!" Mommy & Daddy wisely did not give him any attention over what he said at all, & when David realized he didn't get a reaction on it he said, "Maeva wets the bed!"

53. BOOM! DADDY HAD ALREADY TAKEN THE TWO CHILDREN OUT WHILE HE GAVE US AN EXTREMELY HEAVY, EYE-OPENING TALK ON THE DANGERS OF TALISMANS (CHARMS OR AMULETS), all in connection with that little photo of Maeva that so mysteriously came to the house in that radio box, which no one knew at all how it had happened! "I'm gonna get down to the point about this, folks," Dad said, "And I hope you're able to believe me!" After very thorough questioning of exactly who packaged the radio & how & when, who carried it out of the house etc., Daddy tearfully explained to us a very eerie vision he had of that same silver framed photo of Maeva lifting itself off the dressing room bureau in Timothy's bedroom in our former house, & floating in an eerie, awesome way through the hallway into the office several rooms away & putting itself into that radio box, which was SITTING open waiting for the last day of packing to be roped shut, & therefore being carried with us to our new living location!!

54. MIND YOU, TIMOTHY WAS SITTING AT THE TABLE LISTENING TO THE WHOLE TALK & INCLUDED ON EVERY BIT OF THIS BEDWETTING BATTLE. It was terribly mysterious & obviously not easy on Tim, & Dad had us get rid of that talisman that very night, by throwing it into the trashcan & rebuking in prayer the Enemy that had caused it all! Timothy's interjection to take it out that very night after our talk, but contrary to Dad's counsel, he went alone to deposit the picture into the garbage outside to be picked up the next morning, when Dad had specifically suggested he take a male buddy with him! (See "Hong Kong Goolagong" No. 980:12-15,18,19.)

55. DAD ALSO SAID HE GOT SOME KIND OF CONNECTION WITH THE SPHINCTER MUSCLE & THE MYSTERIOUS SPHINX. Dad said, "Boy, Davidito is extremely spiritually sensitive to the point he's even a little weird!" Dad was hoping also that Tech1 wouldn't be the type to wet her bed often like Timothy's other children do. We looked up the name "Tech1" in the dictionary & found that it means "irritable." -A little bit Tech1!

56. PHEW! WELL, BUT NEVER IT WAS A SPIRITUAL PROBLEM, BUT KNEW DID WE KNOW THE

DEPTH OF HOW SPIRITUAL & HOW MUCH A PROBLEM ADMITTING CAN TURN OUT TO BE! David, knowing nothing about Dad's talk about Maeva & the talisman, said only two days later, while I was dressing him in diapers, "Maeva!" I said, "What?" "Maeva, she really wets the bed!" Just putting the diapers on reminded him of her! I was so disgusted & so furious with the Enemy that David would say that, I said "Yes, but that's bad! It's evil! Daddy said bedwetting IS not good. So it's bad & evil & it's the Devil that tempts children to do it. Maybe Maeva doesn't fight, but we are fighting the Devil, David, & you'd better pray desperately to stop that wetting!" He just didn't seem to take those diapers as any kind of punishment at all.

57. DADDY REPLIED AFTER READING A NOTE FROM ME ABOUT THIS, THAT IT'S BETTER NOT TO MAKE TOO BIG A THING OUT OF WETTING OR NON-WETTING, because in order to get approval for non-wetting he thinks he needs to continue to wet some of the time. "He's just that smart & he's quite an exhibitionist, you know," Maria said that maybe because we've taught him to be so open about everything, he even announces his mistakes aloud. Dad said, "Well, he no longer needs 'approval', & tell him if he mentions his wetting at the table, that that's not the place to discuss what happens in his bed. Tell him also that big boys can't love up if they have to wear diapers like babies! If he wants to do any loving up, he'd better stop wetting & get rid of those diapers!"

58. DAD ALSO GOT IN PRAYER, RIGHT ON DAVID'S FOUR-YEAR-OLD BIRTHDAY, 25 JANUARY '79, THAT THE NAME OF THIS PARTICULAR SPIRIT WAS "MISCHIEF", & got a picture of a black glob on Maeva's photo! David seemed in the victory that night when Daddy gave him as a birthday gift a huge toy crane that was capable of lifting his little toy model cars high into the air & shifting them to another position with a battery operated control that powers the toy across the floor! That was fun!

59. AND OF ALL THINGS, JUST TO COMPOUND THE DIFFICULTIES WE WERE ALREADY EXPERIENCING, I WAS A LITTLE LATE TO LUNCH ONE DAY WHEN I WALKED INTO THE KITCHEN TO FIND SOME OF THE STAFF WERE SITTING AROUND THE TABLE, CHILDREN INCLUDED, READING ALOUD THE LETTER "END-TIME WITNESSES", ML No.707. Just as I sat down I heard the part read aloud about the "end" of him & Maria, & I quickly asked if I

David operates his new toy crane

could read the rest of the Letter & did so skipping over the heavy parts altogether. My heart skipped a beat when I heard this read aloud, just "feeling" his little computer had already taken it all in! Here the Letter even mentioned me discussing the death of not only him, but his parents! LHU!
60. DAD & MARIA WERE, OF COURSE, FURIOUS TO FIND OUT THAT THE STAFF HAD SO UNPRAISEFULLY & UNWISELY INCLUDED HIM ON SUCH A BURDENSOME, EXTRA PROBLEM at such a troubled time as this! Dad doesn't even like to talk about the fact that he's a prophet or about his own death etc. "David has enough problems without the burden of his death upon him too at only four-years-old!" Dad said, "My Lord, of all the ridiculous things: There are certain Letters which you should never read to a child like that, certain things that are too heavy a burden to be borne by little children! I don't even think it is wise to tell him that he is going to be a great Endtime Prophet. (Sara: Of course, he doesn't really know that...) I don't think it is

-- With Dad's engineering, of course!

wise to tell him anything hardly about his own personal future. It is too big a burden to bear!

61. "BOY, I REMEMBER THOSE SERMONS SOME OF THOSE PREACHERS USED TO PREACH ABOUT THE HORRORS THAT ARE GOING TO HAPPEN IN THE TRIBULATION & THE TORTURES & THE TORMENTS, & IT NEARLY FREAKED ME OUT & SCARED ME TO DEATH! I figured, 'Oh boy, it would be a lot better to die sooner. It would be lots better to die now, so why not live it up & die now & not have to go through all that! Really! But boy, I sure don't want to live in those days, that's for sure! I'd rather die now.'

62. "IT'S A TERRIBLE LETTER TO READ! I mean, we've got to have a little better sense than that, Honey, regarding what they read to children & when the children are there. Now you'd better give them a real stiff lecture about it! You can't read every single MO letter to the children. They are not all for children!"

63. ON 28 JANUARY THEN AFTER READING MY LITTLE MORNING REPORT TO DAD & MARIA ABOUT DAVID'S NIGHT & recent battles of
