F-F'er or Mother?

Question: What about girls
marrying their fish?

All these questions are answered in the Letters— They don't read the Letters. You have to weigh every case on its own merits. It all depends on the fish & how much he loves the Lord & how sincere he is & if he really wants to live for the Lord and so on. And a lot depends on the girl--whether she wants to settle down, at least for a while, with him--whether it's worth it, maybe she's already had one or two children by him or others.

I just can't stand your FFing!

Nobody ever said that I have to. I really love YOU!

If he wants to live with her and settle down with her, well, why not? --Especially if he's worthwhile at all. I generally think it's worthwhile.

Who wants to say their verse?

Question:

What if she agrees to live with him if she can still go out FFing on the side?

There aren't even many men in the Family who can take it,

...so I wouldn't expect that of a fish.

Maria: For example, we have one girl who is pregnant with the baby of a fish who is now at home in another country with her first baby by him.

She writes:

It breaks my heart not to be with my child and fish back in Italy, but I know I should keep on doing the Lord's work.

I can't just minister to him all the time!

Well, what makes her think that maybe he's not the Lord's work? It could be that he is the Lord's work! Maybe she's just selfish & doesn't want to be tied down. By the time you've got one or two kids, there shouldn't have to be any decision about it!--That's the Lord's work! It's a full-time job taking care of kids, even one!

Don't say, "I haven't got time to take care of my kids, I'm too busy with the Lord's work." Baloney!

But I'm too tired to FF.

Art. She-Bah

Well, alright! Take care of the kids of course! FFing is primarily for the single secretaries who have nothing else to do.

Jesus
wants
YOU!!

I've said it time and again, FFing is not for everybody. It's only for special people who really have got the guts & the time & the talent & so on. There are only a few people that can devote their full time to it. There are only a few who can devote their part time to it! (Maria: I think the Lord is trying to really show us where His main emphasis is, by giving everybody scads of children! Almost everybody is pregnant now.) When you get that far along I don't see how you can FF much at all anymore! Well, some of you do. It's amazing to me...

...when I read the tales of some of these couples and girls who have several children and are still FFing! They take their kids along with them! That's great if they are willing to love the kids in order to have you. Fine! TTL!

I've written Letters on both sides of the fence: "Mothers of God" on one side of the fence: You have to stick to him and see him through. "Nuns of Love" on the other side:

You can not get yourself tied down with a husband if you want to be a full-time FFer!

You can't do both—at least not full-time!

You mustn't neglect your husband or children—they come first.

Not now—
fix it later.
I'm busy.

Davey knows
35 verses, and
we moved him
out of the
States.

Some of those lazy gals are just looking around for the easiest out, the easiest excuse to get out of it.

You have to use plain common sense! It depends on the individual case, the personality of the woman, the personality of the man & the situation. I don't care if a woman's got ten kids, if she's taking good care of them...

Why can't I just do what I want and have the burden and talent for?

...Put the kids to bed after you've worked with them all day & if you still have enough strength, go FFing!

I prefer to FF instead of having a mate.

Maybe there's a girl who is just crazy about being a mother, she loves to take care of the child and who wants

to be a wife to your husband instead of you, fine! But you had better find that somebody before you start running away from home all night every night!

I think you ought to do what you're best at. We've got guys & girls who can provision, lit-ness or fuck and FF & make more money in one day than they could make in a job in one month!

Julie will take good care of us, Honey.

But that's no-
 thing against the
 poor guy who's
not an FF'er, not
 a provisioner, he
can't sing, but
 he's a great me-
 chanic.

She should
 do it
MY WAY !!

May I
 serve you?

Excuse me,
 but I know
 what I can
 do!

If that's
 all they
 can do,
 that's
 the fact
 of the
 matter.

!Viva
Amor!

Help me be
 a good
 mother.

If you're not
 good at this
full-time service
 for the Lord,
 then earn a good
 living and
 help support
 some mission-
 ary who is work-
 ing full-time
 for the Lord.

I have to say
 these things over
 and over, when it's all
 in the Letters. Read them!
