# DAD'S SEX TALK!

The Lord put pubic hair between a girl's legs for a good reason, it's a cushion to absorb friction. He put a nice shock absorber right on your bumper! Now some girls let that "beard" grow so long that it's almost impossible to find an opening in the undergrowth.

I like to see it nice and neat and well-trimmed, not shaved, but trimmed with a pair of scissors. Leave enough so that it's still a good shock-absorber, especially if you do a lot of you-know-what! — Fucking!

The reason I could never go much for the man sucking the woman is it's almost impossible for the woman not to have some kind of odour down there, no matter how much she washes. My nose is so sensitive, I can't take it.

If a woman is going to suck a man, she should first ask him if he would kindly wash it before she does it, that's the least he can do.

Because as far as I'm concerned, it's all give and no take, purely sacrificial on her part. If she enjoys it, it's because he enjoys it. What greater pleasure can you have than giving someone else pleasure unselfishly!

Edited & illustrated by Zebulun Geppetto.

I think one reason some of you girls may be a little hard to make go sometime is, first of all psychological. If you come from a fairly conservative family and church background, etc., then you're apt to have more fear and inhibition. It's a common problem.

The best thing to do is to preach FAITH, talk about the Lord, give them Scriptures, *-The way to her heart's thru' her ears!*

- And ply them with wine & wine & wine to get them to relax enough.

Don't you drink too much, boys, or you'll never get it up! If I drink too much to get up my courage - I get my courage up but not the other!

... Love is of God!  
(1 Jn. 4:7)

Some women's first experience was painful and unpleasant, & then they have a real fear, a phobia and it hangs on for quite a while. So you have to get them to have faith in the Lord, without fear - "perfect love casts out fear". (1 John 4:18) Right while you're trying to help them to go, you've got to convince them that it's right and good. Sometimes it's real work, it's like a real fight of faith. But I've never found a woman yet that was impossible.

From my experience, the girls who have masturbated the most usually fall into the more difficult class when it *comes* to making them go. They know how to do it and the way they like it, and therefore you're a regular novice compared to them because it's your first time!

It really helps if the girl is really free and will tell you exactly what to do. Like little Roberta! You'd think she was cheering for a football team! — But I liked it! She was perfectly honest with me and told me exactly what to do.

Another thing that can help is *fantasizing*. Once or twice with Maria it's done the trick! I said, "You're a captive on a pirate ship and they're raping you!"

A little more to the left!

A little more to the right!

That's it! That's right!

Faster! A little faster!

Ahhhhh! There you got 'er!

A doctor told a fellow who was having trouble obtaining an orgasm — "The next time you're fucking your wife, say to yourself —

This is not my wife!

This is not my wife —

This is not my wife!

You'd be amazed how much that turns some people on! *Ha!*

If Maria has difficulty in making me go, she starts praying in tongues. She invokes the Lord or Abraham or she summons someone to come, and when she does that, someone invariably comes. And it's not a fantasy, but a genuine phantom, and they're just as real as you are sitting there, believe it or not!

She turns into that person right then and there! And when it happens I suddenly explode, BOOM! Not only sexually, but I explode in tongues and there's a message, because they're messengers of God, *visiting spirits*.

These *goddesses* hunger for something and come to me for help. Usually they come because they're concerned for their people. — Do you believe all this stuff? You'd better 'cause it's the truth! I've been there!

So these are some of the ways you can deal with problem cases and that will sometimes help, PTL! Well, I didn't intend to get on sex again, but I think one reason we have to deal so much with sex is that it's such a neglected subject.

The best part about sex is LOVE! The mechanics may fail, but the Spirit never fails! Pray, and ask the Lord to help you!

**-JESUS NEVER FAILS!**
