

# THE FF'ING PATRIARCHS!

There's nothing new about FFing!

God's people have been doing it for thousands of years!

"Time" Magazine was historical when it said that we had added to the Playboy Philosophy "The Ancient practice of religious prostitution". Well, if you want to be real honest about it, that's what they think it amounts to.

There *is* such a thing as so-called "religious prostitution" and it's *age-old*! It was part of some of the oldest religions of man. Well, if the Devil's got a counterfeit, there must be God's reality somewhere-- and I guess we're it!

Jesus loves you!

Now, that may be shocking to you, but it's come to me time and again, "Lord, are we the last-day fulfillment, Your final reality of how far You will go...."

....to love people and love the World?"—and I have cried about this—that we even have to be willing to sacrifice our women to show them Your love, we're willing to go that far?" Well, it's *not* the first time this has been done.

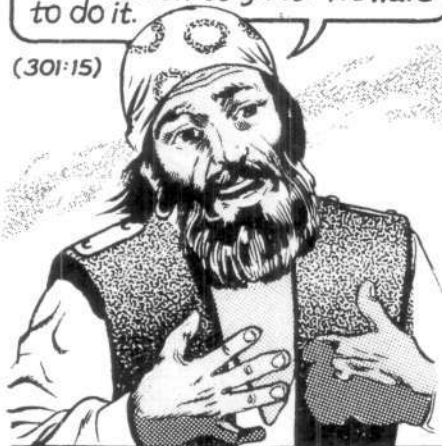

I couldn't have been won any other way!

The Gypsies had to do it just for self-preservation. They had to give their women to their conquerors just to stay alive, preserve their community, preserve their family. They had to surrender their women to their conquerors to save their lives. It was a common practice in ancient times.

In Hungary we are with King Jamal. We have to give him our women as gifts. We **have** to do it.

(30:15)

Abraham did it! He gave his wife Sarah to two different kings to save his life!

(Gen. 12:11-20 & 20:1-8.)

(-- His son Isaac also did it!  
Gen. 26: 6-11.)

**Esther** even had to marry Xerxes, the heathen king of Medo-Persia, to get the job done and deliver God's people -- a terrible price for one of His girls to have to pay in order to free His people!

Would you be willing to go that far for the Lord and His Children? How much better a motive, how much more should we be willing to lay down our lives in FFing, to win them in love! -- Do you?

**Ruth** had to lie with a rich old man (Boaz) before they were married in order to persuade him to accomplish the Will of God by making him the father of her children -- Boaz, Jesse, King David, & finally Jesus!

Esther, the most beautiful woman in my kingdom -- I've chosen you to be my queen!

God made me beautiful, so that you would desire me!

I pray thee, let me come in unto thee!

Come!

**Tamar** even had to pretend to be a harlot to get Judah to marry her, so that she too might become one of Jesus' ancestors! (Mt. 1:3.)

(Genesis 38.)

Editor's Note: (Some churchy souls will say, "Yes, but look at Joseph in Egypt! He was too 'righteous' to FF Potiphar's wife." — Gen. 39:1-12. However, when Pharaoh put Joseph over all the land of Egypt (Gen. 41:41) -- which was eventually to save his whole family from famine -- he married Asepath, the daughter of the priest of On, a chief Egyptian god (Gen. 41:50), and she bore him Manasseh and Ephraim, who became two of the twelve Patriarchs of Israel! That was surely FF'ing to marry and convert such an important figure!)

Father, how did you convert Mama to faith in the One True God?

Well, son, I...

What other Christian religion has ever used sex appeal? Well, I'll tell you: The Cathars!

Mostly by his sex appeal! Every woman in Egypt wanted to marry him!

-- In the 13<sup>th</sup> Century the Cathars believed in sexual freedom! They were real believers, Christians, dropouts from the Church, and they had real freedom! They were growing and just booming by the thousands! They were so popular!

The Pope got so scared he sent an army to slaughter them, to stop this new religion of love. Some of their prophets prophesied, "You're killing us now, but we're going to come back in the Time of the End, 700 years from now, and we're going to take over the World!" -- so here we are, exactly 700 years later! The Lord has allowed their spirits to come back now to aid us, to do what they were doing and to carry on what they started then!-Amen?

(P.S. -- Let's face it, the Church has always used sex or sex appeal in its witness, like their sexy Madonna, just not as openly & honestly as we do, or with as much freedom -- So why not you! Be a Happy Hooker for Jesus!-Amen? GBY:
