LOCAL PUBS!

HOW TO HAVE ONE BY ONLY TRYING!

We have just been absolutely thrilled at the beautiful work some of you are doing on your local and regional publications! Praise the Lord! God is really getting you ready to stand on your own in each locality and each region with independent, indigenous indigenuity!

This is what we've been waiting for!: For each of you Homes to be locally and independently empowered and led by God and His Word alone! P.T.L.!

Illustrated and edited by Zac Newsong

In one of the latest attacks by the Devil, his blast of putrid spray was so ridiculous and obviously biased and so full of foolish falsehoods, that even the honest journalists themselves of the fairer papers smell a rat!

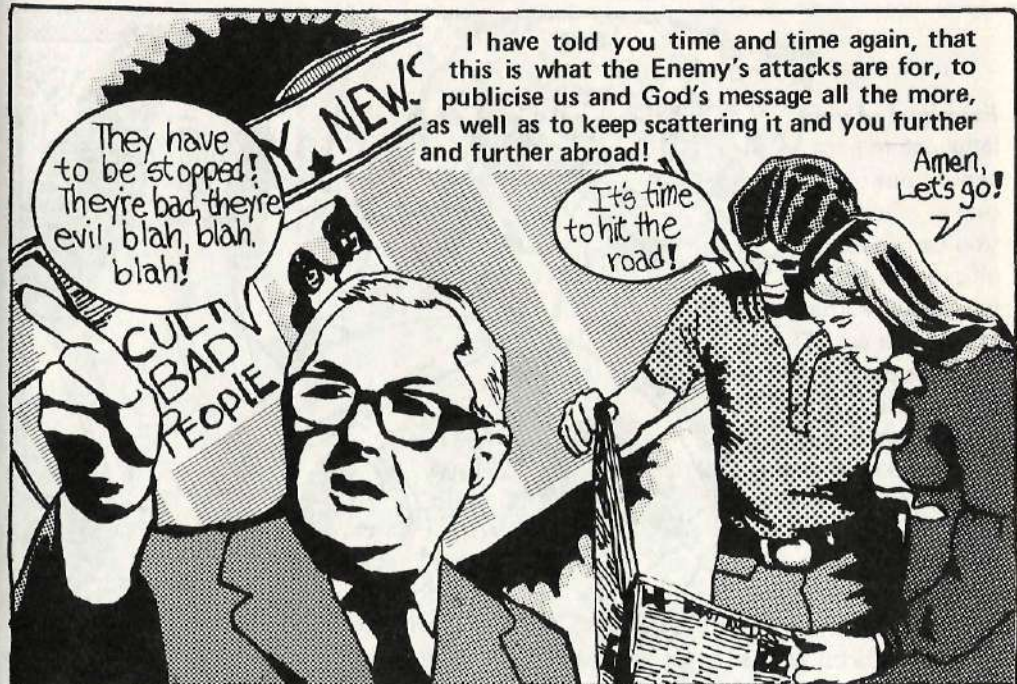

God bless some of you local homes who immediately seized God's golden opportunity with a good hard-slamming whammy of a slugging, socking sample with interviews and pictures to keep yourself and the truth in the news, God's purpose for the Devil's attacks!

But some of you ran foolishly to lawyers instead of my Letters to see what to do. Those lawyers know little or nothing at all when it comes to God's business of preaching and showing the truth, answering the Devil's lies with your own innocent, happy, smiling faces in the power of God's Spirit!

Everyone of you language regions should put out one as often as you can to let us all see you and what you're doing where you are! This way the Body can still keep its nerves in touch with each other and communicating at least, even if the head were destroyed!

Also, so we can just thrill and oh and ah at your wonderful works of God in your lands!

So keep those pubs rollin', you Hallelujah Holey Rollers! Amen! God bless and keep you going into all the world to preach the Good News of His Love to every creature!

KEEP'M ROLLIN'!
