

THE DISCIPLE REVOLUTION!

TRUE KIMIX
PRESENTS:
No. 328
DFD

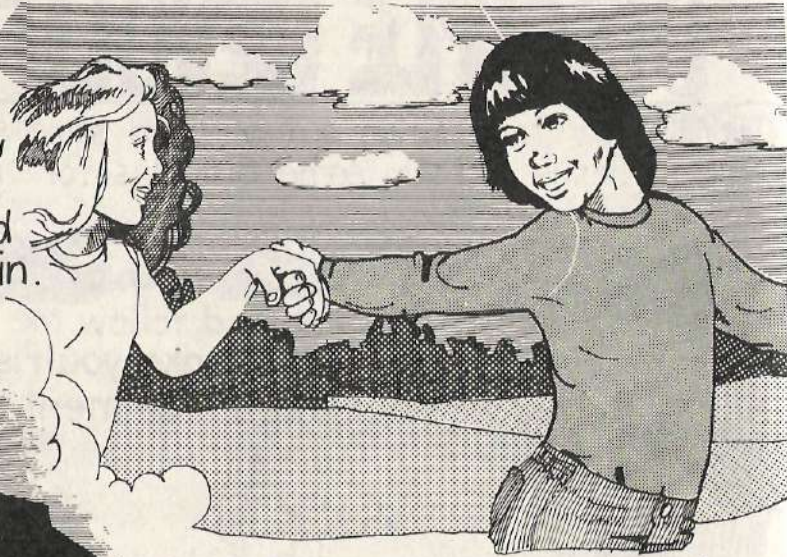

It's time to go out and win some souls for Jesus and win some disciples for the Kingdom of God.

Come and follow Me
and I will make you fishers
of men! (matthew 4:19)

Jesus asked them right on the spot. — And James and Matthew and Phillip and Peter and all of them the same way. He didn't give them any time to think it over. He told them it was now or never! We should let them join when they feel like it.

It's time to make our folds ready for the new sheep, and get out and bring them in.

The churches have settled down to their own little system.

They compromised their principles and joined the system to avoid persecution.

We want to win new disciples and train them to take our place.

We want to go to new fields and pioneer it where they've never heard and we have no homes.

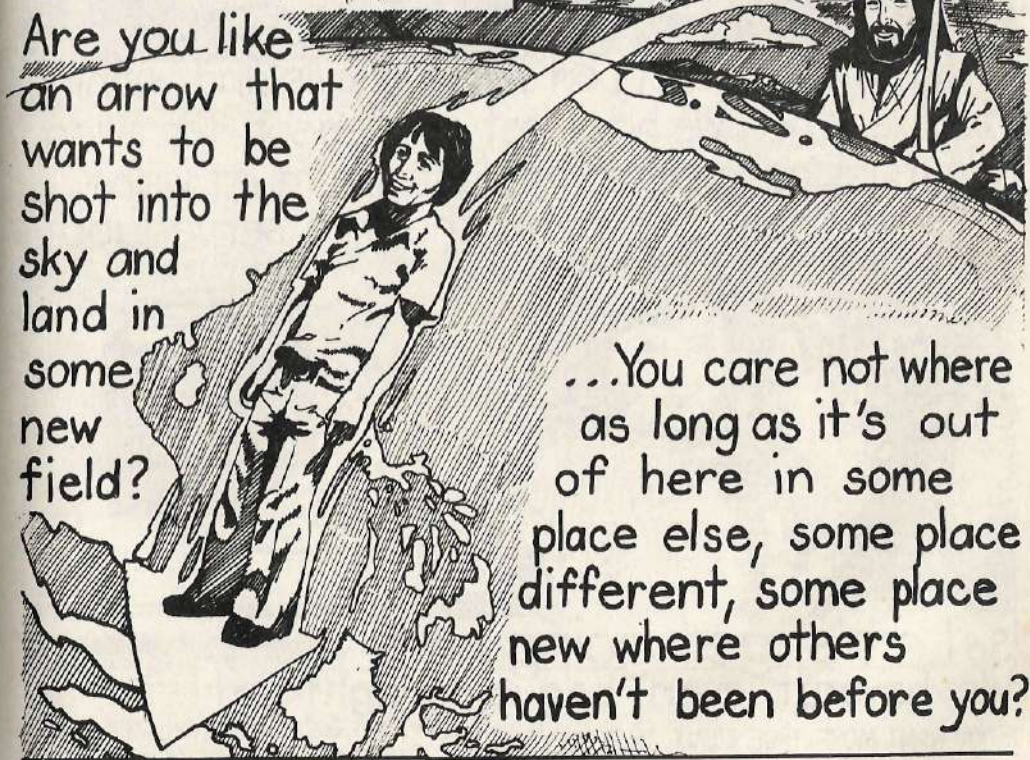

Mountain children! Mountain children! Yes we're

Are you a Pioneer or a Settler?

Are you like an arrow that wants to be shot into the sky and land in some new field?

...You care not where as long as it's out of here in some place else, some place different, some place new where others haven't been before you?

If the Revolution for Jesus is anything, it is for winning souls and for making disciples or it is nothing at all and we are no better than the rest of the churches.

If we have stopped winning souls and winning disciples, then we have lost our reason for living. We must be lovers of the lost. We must want to save them and train them to serve God.

so Let's get going now!
We haven't even begun to fight yet!
