"Surely the wrath of man shall praise thee: the remainder of wrath shalt thou restrain."
(Ps. 76:10.)

God can cost our enemies a whole lot more than they get paid for persecuting us. But as long as that publicity is working in our favour, God may let them continue. Just think...

He let Jesus' enemies continue for about another forty years.

And that's exactly what happened!—Throughout all Israel, in 70 A.D., the Romans crucified one million Jews!

Kill the Christians!

Jesus, I'm coming...

When the Jews rejected and crucified their own Messiah, they said:

"Let His blood be upon us and our children!"

My God, Jesus was right!--But we rejected him!

Crucify those Jewish rebels!

God's wheels of judgement grind exceeding slow, but they grind exceedingly fine. When He has accomplished His purpose...

"Family of Love"?! Sounds interesting!

... through these evil magazines...

... to arouse public interest and create publicity...

... His judgments will fall!

But in the meantime, if we go to the attack, God can use this publicity for our good.

That's them! How sweet! I'll talk to her!

Our kids are turned on like wildfire!

So you've got to give them the ammunition!

I love you!

At last I have found the reason for life!!

We want to see you turn that wrath of man to cause it to praise Him, turn it for His glory! (Ps. 76:10.)

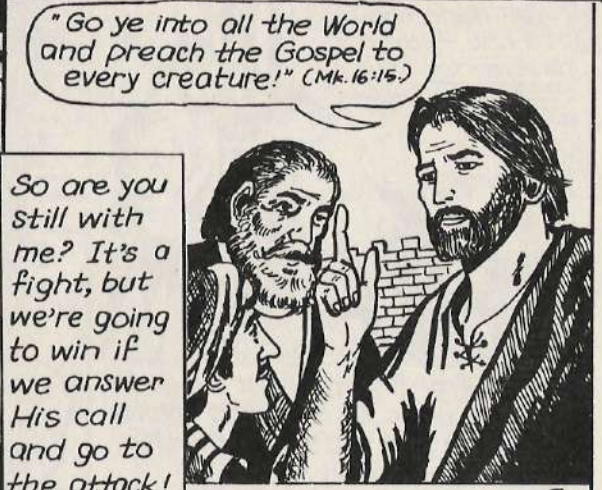

What is the Truth, O God?

The people who are honest and sincere and truthful and open-minded want to know the truth, and God promises them that:

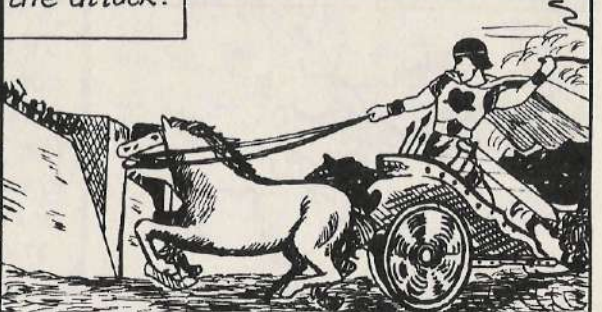

"He that hungereth and thirsteth after righteousness shall be filled!" (Mt. 5:6.)

"Go ye into all the World and preach the Gospel to every creature!" (Mk. 16:15.)

So are you still with me? It's a fight, but we're going to win if we answer His call and go to the attack!

I admire those frontline foot soldiers, that infantry we've got out there on the sidewalks!

The Lord rebuke thee!

Those are the guys that are really face-to-face with the enemy!

Here! This is for you!

God is probably going to give them the biggest reward, the biggest crown!

"Well done, thou good and faithful servant!" (Mt. 25:21)

We're fighting too, but we don't always have to face the enemy right on the sidewalk all the time continually.

Thank God I'm in His Family!!

Rebuke the enemy!

If ever there was a religion cut out for this generation, this time, and especially for the young -- this is it! God knows exactly what He's doing! God bless you! I love you! Keep fighting!

- Cause the wrath of man to praise thee! Attack lies with Truth!
