

HOME COUNCIL NOTES - 4/13/00

- 1) Open House: List of to-do's will be posted on area checklist. (Family Day will be on Monday. Larry will take his W&R on a different day since Aaron will be here.)
- 2) Sunday vehicles: All agreed to continue using the 3 vehicles as we have been, with Bill & Laurie teaming up with Larry & Claire. Bill's truck is available if necessary, but since it's a gas hog it's better to use just for local trips.
- 3) Kids schedule:
 - A. There is a rotating teacher schedule;
 - B. Chore time 12-1 (Any jobs you have for the kids to do, let Sharon know; e.g. if you need help on lunch, etc.) Timmy will be doing handyman training during that time.
 - C. Jett devotions: The four JETT parents will be rotating JETT devotions in the mornng
 - D. Kids Get Out: Bill and Jim will be helping
 - D. Working on willingness, so keep that in mind in your interaction with the kids.
 - E. Breakfast should be ready at 8 so Jetts can be done and start their devotions at 8:15. Other kids can take longer to eat if necessary
- 4) Satellite TV: Decided to keep the \$30 satellite plan for a month to see how it goes. Laurie will monitor it. There might be an on-line service to find out what's showing when. Announcement to please not switch the wires from the way it's hooked up. If you can't get a picture, turn VCR power off then back on.
- 5) Holding hands: Person on evening announcements can have people hold hands if they so choose.
- 6) Committee meetings critique: No hard & fast rule that you have to have them weekly; might be sufficient sometimes to just pray together, or even use paper power. Committees are good for knowing who to counsel with; the committee is more important than the committee meeting. Maybe at least have set times when you can get together, even if you decide not to get together then.
- 7) Aries birthday Friday night
